Waste Management's LampTracker<sup>®</sup> helps you safely recycle fluorescent lamps and the potentially hazardous mercury inside them.

Just order a recycling kit, fill it with your old bulbs and send it back. The shipping is prepaid!

Protect the environment by recycling your batteries with our battery kit.

Our electronics recycling kit provides a convenient way to recycle old cell phones and electronic devices easily.

Using CFLs in the office? CFLs save energy but should be recycled. Start today by ordering a kit.

No recycling at your location? No problem. Do it by mail today!

Just order, pack it, mail it and we take care of the rest. And postage is already paid!
