## News from Borough Council

The winter of 2017-2018 has passed and now we turn the page to spring. This winter proved to have its share of challenges given the snow storms that occurred. We would like to commend the members of the Public Works Department for the fine job they did this winter.

Borough Council has been busy during the beginning of the year and has outlined initiatives for the upcoming term. These included reviewing the existing Zoning Ordinance for amendments, updating the Home Rule Charter, and reviewing the Borough's five-year Capital Improvement Plan. Regarding the Zoning Ordinance amendments, Borough Council has solicited proposals from land planning firms in order to assist in guiding the amendment process. These proposals are currently under review by the Public Works Committee of Borough Council, who will make a recommendation to Borough Council.

In January, Borough Council appointed two (2) ad hoc committees. The first ad hoc committee is charged with reviewing the Home Rule Charter and recommending amendments for consideration. The Home Rule Charter was adopted in 2008 and has been amended once to address term limit requirements, which occurred in

2016. Ultimately, the decision to amend the Home Rule Charter lies in the voters of the Borough and any proposed amendment will appear on the ballot in the fall General Election. The first proposed amendment was adopted by Borough Council on April 3, 2018 to address the advertising requirements of the annual budget. Please watch the Borough website for information on proposed amendments.

The second ad hoc committee is charged with reviewing and updating the Borough's five-year Capital Improvement Plan. The Capital Improvement Plan was last reviewed in 2016 and serves as an important budgeting tool for Borough Council. This plan outlines potential road construction projects, renovations to Borough property, park projects, and other long-term investments. Once the review is complete, the proposed plan will be presented to Borough Council for review.

Borough Council is pleased to welcome the newest full-time officer with the Malvern Police Department, Officer Sian Keating. Ofc. Keating was appointed as a full-time officer on April 3, 2018 and brings with her a wealth of police experience as she previously served as a police officer in Darby Borough and East Whiteland Town-

ship. We are delighted to have Ofc. Keating as a member of the Malvern Police Department.

We are pleased to welcome the newest members of our volunteer boards and committees. Zoe Warner was appointed to the Planning Commission, Lloyd Stackhouse and John Kohler were appointed as alternate members on the Zoning Hearing Board, and Amy DiElsi was appointed to the Parks & Recreation Committee. Please watch the Borough website for information on vacancies as they are announced.

Borough Council consists of Jamie Grossman (Council President), Zeyn Uzman (Vice-President), Amy Finkbiner, PhD, Marty Laney, John Meisel, Julie Raynor, and Carroll Sinquett. Meetings of Borough Council are held at 7:30 pm on the first and third Tuesday of each month at Borough Hall. All are welcome and encouraged to attend. As always, if you have any questions about anything going on in town, contact any member of Borough Council, the Mayor, or the Borough Manager. Information is updated regularly on the Borough website at [www.malvern.org](http://www.malvern.org) and emergency notifications are sent through the ReadyNotify system.

## News from the Codes Enforcement Officer

### Property Maintenance in Malvern

In 2004, Malvern Borough adopted the 2003 International Property Maintenance Code, published by the International Code Council. The purpose of this code is to ensure that existing Residential and Non Residential properties and structures are maintained in a "clean, safe and sanitary condition", and "structurally sound".

The Property Maintenance Code requires property owners to maintain the exterior of their property to include the grass not exceeding 10" in height, trash and rubbish not accumulating on the property,

gutters and downspouts working properly and not allowing the discharge of water to create a nuisance on neighboring properties, roof areas being water-tight, and all structures including sheds and fences to be in good repair and safe condition. Additionally, all vehicles on the property must have current registration and state inspection.

The International Property Maintenance Code is intended to ensure that all properties where the code is in effect are kept in a safe condition and structurally sound to help to reduce the risk of fires or other emergencies from occurring,

thus aiding in saving lives and protecting property. And while all emergencies may not be able to be eliminated altogether, the code requires that those systems that are in place to give warning to the occupants provides the best chance of keeping people from becoming victims if an emergency does occur.

Questions regarding the Property Maintenance Code may be directed to the Borough at 610 644-2602 or by email at [bwilfong@malvern.org](mailto:bwilfong@malvern.org).

## AirBnB

AirBnB...What Every Homeowner Should Know

- Are you now, or are you thinking about using online home sharing platforms to provide short-term lodging on your property? If so, know...
- That if you collect money from a third party for a short-term stay

within your home, you have a business.

- That your home may not be properly zoned for short-term lodging.
- That you may be required to install sprinklers or other safety features based on the Uniform Construction Code.

- That you must collect the hotel and other taxes.
- That not all insurance companies will cover short-term rentals.

Get more information at [www.painns.com/short-term-rentals](http://www.painns.com/short-term-rentals).

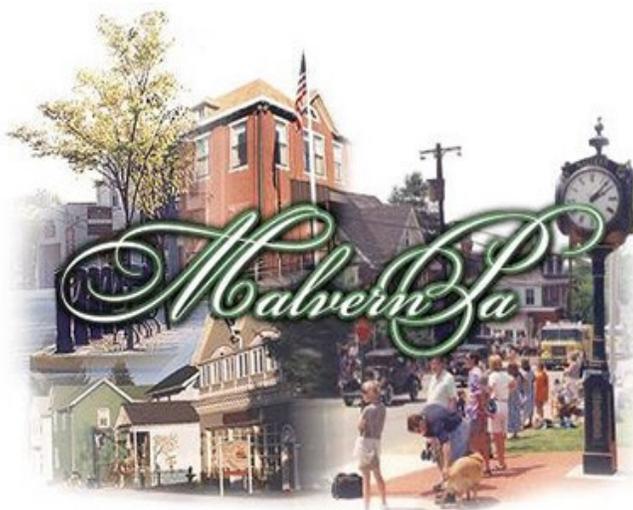

## Board & Commission Vacancies

- Malvern Parks & Recreation Committee – There is currently one (1) vacancy on this Committee. This position carries a five (5) year term. The individual appointed will complete term that expires on January 1,

2021.

## Bulk Trash Pick-Up

Bulk Trash Pick-Up has been scheduled for Saturday, May 19, 2018 throughout the Borough. Freon appliances must have a certification of removal clearly **VISIBLE**. Only items that can be picked up by two men will be taken. No plant

waste or yard compost will be removed during bulk collection. Items should be placed at curbside after 5:00 p.m. the night before or by 6:30 a.m. the day of collection. **NOT TAKEN** will be hazardous items, construction debris, tires,

paint, gasoline, oil or sealed containers, dirt, stone, concrete or piles of small items that could have been boxed or bagged. Please be advised that electronics **WILL NOT** be accepted.

## A Friendly Reminder to Pet Owners

Just a friendly reminder to be courteous and respectful of your neighbors by picking up after your pets. Dog waste is more than just a smelly and unsightly mess. It's also a breeding ground for bacteria and parasites, all of which are common-

ly found in dog feces and are easily transferable upon contact.

Borough Code, Chapter 68-6 specifically sites that dog owners are to clean up after their pets on any sidewalk, pathway, play area, park or any place where people

congregate, or on any private property. Any one observed violating this section of the Code could face fines and associated court fees if found guilty. Although this may not be a pleasant chore, it is the responsibility of a pet owner.

## News from the Malvern Fire Company

Since 1888, the Malvern Fire Company has always relied on community support through volunteers and generous donations to protect and serve our community. We invite you to join in carrying on a tradition of excellence in volunteer service. Our doors are always open - whether you choose to serve on the hose line or through community outreach events, Station Four has a place for you. Last year a combination of volunteer and paid professionals responded to 349 fire calls, 2653 emergency medical services calls and participated in 1637 fire and medical training hours. We serve Malvern Borough and portions of Willistown, East Whiteland, and East Goshen Townships. Ready to join in the action? We are looking for volunteers who want to become Malvern's next generation of firefighters. Stop by the station during drill on Tuesday nights from 7p-9p for more information and to fill out an application.

The firefighters of Station Four rely on the generosity of our community to put our trucks to work everyday. The municipalities we serve provide contributions to the

Company however these allotments account for only 15% of our annual budget. The remaining 85% of the money used to serve and protect our community comes from fundraisers such as the fair, boot days,

the pig roast, Annual Fund Drive and Amazon's Smile Program. Through Amazon's Smile Program, a portion of every purchase you make can be donated to the Malvern Fire Company. Simply use [smile.amazon.com](http://smile.amazon.com) instead of [amazon.com](http://amazon.com) to begin your shopping and select Malvern Fire Department

as your charity. That's it! Everytime you shop Amazon, 0.5% of the price of your eligible Amazon purchases will be donated to the Malvern Fire Company - at no extra cost to you! The prices you pay stay exactly the same. Tens of millions of products on AmazonSmile are eligible for donations. You will see eligible products marked "Eligible for AmazonSmile donation" on the product detail page.

The members of the Malvern Fire Company want to thank you for your continued financial support through our events and fundraisers. For more information on how to become involved at the Malvern Fire Company in firefighter or administrative volunteer capacities please visit [www.malvernfireco.com](http://www.malvernfireco.com) or stop by for more information - we are located at 424 E. King Street in Malvern Borough. From all of us at Malvern Fire Company, thank you and we look forward to serving you for many years to come.

## Planning Commission News

The Malvern Planning Commission (MPC) is a 'review and recommend' body of seven Borough residents which processes Subdivision and Land Use (SALDO) applications, monitors Zoning Ordinances, undertakes Planning Initiatives, and provides comments on other Community Planning matters referred to us by Borough Council.

Spring 2018 finds the MPC reviewing several SALDO applications, primarily in the King Street corridor, including:

- A garage and parking expansion at 124 - 128 East King Street,

- A two-lot subdivision at 11 Griffith Avenue,
- A residential expansion at 156 West King Street, and
- A consolidation of three parcels on Channing and Woodland Avenues for St. Patrick's Parish school expansion.

We are continuing a planning initiative to revise definitions and processes for important Zoning Ordinance sections that have been deemed ambiguous or open to interpretation.

Current MPC members include Dave Knies (Chair), Mark Niemiec (Vice Chair), Lynne Fred-

erick, Geoff Rubino, Chris Mongeau, Carroll Sinquett III, and Zoe Warner. Zoe was appointed by Borough Council, filling the seat occupied by Amy Finkbinder who is recently began a full term on Borough Council. Neil Lovekin - the Assistant Borough Manager - doubles as the MPC Secretary.

The Malvern Planning Commission meets on the first and third Thursdays of each month, 7:30 PM at Borough Hall. All are welcome and encouraged to attend!

# Malvern Memorial Parade

It looks like spring has finally arrived and that means the Malvern Memorial Parade is right around the corner. This year is a special year for the parade. As many of you know, the parade began in 1869 following the Memorial Day Proclamation in 1868, to recognize the more than 600,000 soldiers who died during the Civil War. This makes it the 150th parade. To our knowledge, it is the oldest, continuous parade in the country recognizing Memorial Day. The parade will be held on Sunday, June 3rd, starting at 1:30pm on King Street in front of the drive to the Malvern Fire House and will end at its usual site on the grounds of the Paoli Memorial Association on Monument Avenue. The parade committee has

many special things planned for the parade and the festivities afterwards. We are also planning to have the largest Reenactment the parade committee has ever held after the ceremony at the Memorial Park on Monument Avenue. This should prove to be very exciting and something you will not want to miss. Following the Reenactment we will be having another cakewalk so be ready with your quarters. We thank the Borough of Malvern and the Malvern Fire Company for its assistance and all the wonderful citizens and businesses who also contribute to make this happen.

On the night before the parade, a spaghetti dinner will be held at the park on the drive next to the tennis courts starting at 5:00 PM

and lasting until 6:30pm and after the dinner a concert will be held at the pavilion adjacent to the tennis courts. The Chester County Concert Band will be performing from 7:00pm to 8:00pm that evening. The dinner is \$12 and tickets must be purchased in advance (see another article) but the concert is free. Just bring a chair to relax and enjoy the wonderful sounds of our County Band. These events will be held rain or shine.

So, mark your calendars for that first weekend in June and be hopeful for good weather. Please see our website at [www.malvernmemorialparade.com](http://www.malvernmemorialparade.com) for additional information.
