

# Recycling in Our Parks

Malvern Borough EAC

## Current State

- Borough has supported single stream recycling for many years
- Our parks have many trash cans
- Limited recycling in parks - 2 bins which are labeled cans and bottles
- Comprehensive Plan initiative around sustainability

# Environmental Advisory Committee Request

- Replace existing trash cans and recycling bins in parks with single unit
- Place a recycling dumpster in the public works area
- Public works will collect recycling similar to how trash is collected
- Research grant funding to fund the initiative

## Example of Recycling / Trash Unit

## Other Information

- Residents have complained about lack of recycling bins at park events
- Could help resolve some of the littering issues in our parks
- Single units are aesthetically pleasing and improve the look of our parks
- Discounts for bulk purchases?
