

Tree Inventory – Summary

- This graphic depicts all trees (≥ 2 " DBH) in the 0.8-acre First Avenue Bike Trail Park parcel. The data was based on the [inspection and evaluation](#) conducted by Rockwell Associates on January 18th, 2023.
- Locations are not survey-grade; [GPS accuracy](#) in forests is approximately 30 feet. Marker size is proportional to DBH, while colors indicate condition and longevity:

- N/A No trees are in good condition.
- 18 trees are in fair condition, most with 20+ years potential longevity.
- 41 trees are in poor condition with 5+ years potential longevity.
- 51 trees are in poor condition with < 5 years potential longevity.
- 21 trees are already dead.
