

VOLUNTEERS NEEDED

Invasive Species Removal Project at Paoli Battlefield Woods behind Quann Park

SATURDAY, MAY 11, 2024

Help restore native habitat in the Paoli Battlefield Woods at the headwaters of Crum Creek.

Please bring your own water bottle and wear appropriate clothing, including sturdy shoes/boots, long pants, long-sleeved shirt, and protective gloves. We will be working in rough, possibly muddy terrain with a chance of exposure to poison ivy, ticks, thorns, and other plant irritants.

Tools will be available through the Conservation District Planting Trailer courtesy of the SEPA Resource Conservation & Development Council. But feel free to bring your own loppers or hand pruners! (Please label tools with your name.)

Morning or Afternoon Sessions Available

session 1: 9:00am – 12:00pm

session 2: 12:00pm – 3:00pm

This event will be RAIN or SHINE
