Appendix A
Malvern Borough Demographic Profile
Conducted as part of the 2022 Malvern Borough Comprehensive Plan update, this demographic report aims to provide a summary of past, current and projected demographic characteristics for Malvern Borough. An understanding of these demographic characteristics and patterns can help the community plan for future changes in population. Changes in the demographics of a community can impact demands on municipal services, land use, housing and transportation and are important to consider when planning.

This report summarizes available demographics from 2020. At the time of the development of this report, 2020 Decennial Census data was not yet available, so the following data was collected from the 2010 Decennial Census, the 2018 American Community Survey (ACS), an estimate that is compiled by the US Census Bureau at more frequent intervals and estimates of demographic data for 2020 compiled by ESRI’s Community Analyst tool, using past census data as well as private demographic sources. While the ACS is generally a reliable source of data, in smaller communities like Malvern Borough, smaller sample sizes can result in slightly larger margins of error. Although portions of the 2020 Decennial Census data has started becoming available, detailed census data has not yet been released for Malvern Borough (as of March 10, 2022).

The following section of this report graphically portrays a variety of demographic trends for Malvern Borough, including comparisons with surrounding municipalities, other Chester County Boroughs and with Chester County as a whole. Reviewers need to keep in mind that graphic portrayals beyond 2010 are based on the ACS estimated data, Delaware Valley Regional Planning Commission (DVRPC) projections, or ESRI Community Analyst estimates and not the result of actual census.

At the end of the following section, a written summary of the data presented in the graphic charts, graphs, and tables is provided. Following that is a list of sources used to prepare this study.

Projections, 2020 to 2045

Delaware Valley Regional Planning Commission (DVRPC) population projections estimate Malvern Borough may reach a population of 4,093 residents by 2045. DVRPC projects there to be 3,684 residents in the community in 2025. This modest increase in population, 409 persons over a 20-year time period, may be attributed to the developed nature of the Township and the limited amount of new development potential. Estimates suggest that the rate of population change will continue to slow over time, from 6.2% between 2020 and 2025 to 1.9% between 2040 and 2045.
As an urban core, Malvern Borough’s characteristics are much different than the surrounding Townships.

The population of Malvern borough is predominantly white, and similar in composition with Chester County. When compared to neighboring township, East Whiteland appears to be more diverse with only 67% of the population white, while Willistown is less diverse with about 90% of the population identifying as white.

### Population Density, Malvern Borough, 2020

- **Population Density (2020):** 2,752.3

### Population Density, Chester County, 2020

- **Population Density (2020):** 709.0

### Population Diversity, Malvern Borough, 2020

Population by Age & Sex, 2020

This age Pyramid shows that there are generally speaking lower birth rates and death rates and high life expectancy. There is a large population that would be considered retirement age 55+. There is also a larger population of older millennials (ages 35-39). This population pyramid is generally consistent with Chester County (gray dotted line) however there are slightly fewer youth (kids-teenagers) compared to the County.

Female 52%  Male 48%

Educational Attainment, Malvern Borough, 2020

Malvern Borough is highly educated with 66% of the population having a bachelor's degree or higher, compared to the county average of 54%.

- White: 65%

Public School Enrollment, 2020

Employment 2020

Employment by Industry 2018

Malvern Borough Income, 2020

Chester County Income, 2020

The median household income is lower than Chester County, while the per capita income is about the same as Chester County. The median household income may be lower in the borough if there are more single person households. Based on 2010 census data, about 16% of Malvern’s population were living alone, compared to Chester County’s 8.4%.
Malvern Borough saw an increase of 36 total housing units between 2010 and 2019. In 2019, there were 1,574 housing units in the Township.

**Rate of Change of Housing Units**

- **Malvern:** 2.3%
- **Chester County:** 6.4%

**Median Rent Contract**

- **Malvern:** $1,524
- **Chester County:** $1,139

**Median Value of Owner-Occupied Housing, 2020**

- **Malvern:** $440,417
- **Chester County:** $13,323

**Median Home Value**

- **Malvern:** $363,744
- **Chester County:** $16,904

**Age of Housing Stock 2014-2018**

The Median house age in Malvern Borough is 1973 however there is a large amount of structure built before 1939.
Malvern has almost an equal amount of owner-occupied housing units and renter occupied housing units. Compared with the surrounding municipalities and Chester County, there are more renters in Malvern Borough.

The housing stock in Malvern borough is very diverse, with equal proportions of single family detached, single family attached and multifamily dwellings.
Malvern Borough’s population increased by about 470 people from 2010 to 2020 and is estimated by DVRPC to increase by another 340 people by 2030. Compared with historic population growth in the borough, population growth is beginning to slow and is not expected to grow significantly in the next 20 years.

The Borough’s population is largely comprised of older millennials between the ages of 35 to 39 and people approaching retirement between the ages of 55 and 60. Compared with Chester County as a whole, Malvern borough has slightly fewer children and teenagers.

Household sizes in Malvern Borough are slightly smaller than the surrounding communities and Chester County. The composition of households found in Malvern borough is split relatively evenly between families and nonfamily households. Of those nonfamily households, about 82% were comprised of individuals living alone, which contributes to the lower average household sizes.

Housing in Malvern Borough is slightly more affordable when compared to Chester County and there is an even ratio of homeowners to renters. The housing stock is also very diverse with an even distribution of single family detached, single family attached and multifamily dwellings. This housing diversity may contribute to the housing affordability, providing a mix of housing types and sizes.

Educational attainment rates in Malvern Borough indicate a highly educated citizenry with about 66% of residents having a bachelor’s degree or greater.

Much like the surrounding municipalities and Chester County as a whole, a large portion of Malvern residents work in education/ health or social services fields, followed by professional/ scientific and management, Finance/ Insurance and real estate is tied with retail trade for the third highest industry of residents in Malvern.

The median household income in Malvern Borough is lower than Chester County, however the per capita income is consistent with Chester County. This discrepancy may be explained by the larger percentage of single person households in the borough.

Data Sources

Data sources used in this report include the following:

1. ESRI Community Analyst *
2. US Census and American Community Survey
3. Great Valley School District Enrollment Statistics
4. Delaware Valley Regional Planning Commission (DVRPC), 2016 Population Projections
5. Brandywine Conservancy GIS, 2020

*ESRI, the leader of Geographic information system (GIS) software and has developed a tool that combines GIS capabilities with Demographic information called Community Analyst. This tool uses US Census data layered with American Community Survey information as well as private demographic sources to provide more up to date demographic estimates for a location.
Appendix B
Malvern Urban Center Revitalization Plan
Checklist
Urban Center Revitalization Plan Checklist

The Malvern Borough Comprehensive Plan update also represents an update to the previously adopted 2009 Urban Center Revitalization Plan. A full overview of the planning process can be found in Chapter 1 of the Comprehensive Plan. The Checklist provided below focuses on recommendations that enhance future economic growth, provide redevelopment and reinvestment opportunities, and enhance community facilities.

Economic Development

Inventory

Economic and demographic data available in Appendix A.

Policy

FLU Goal 4, page 18: Ensure the continued economic and social vitality of the King Street corridor as the Borough’s central business district.

Econ Goal 1, page 23: Promote a healthy and diverse commercial economy that supports a stable tax base.

Econ Goal 2, page 24. Reinforce the identity and vitality of King Street as a thriving main street and community center.

Recommendations

Found on pages 17-18, and 23-25:

FLU Strategy 4-1: The Borough should identify and study vacant, underutilized and developed parcels along King Street that have the potential to redevelop over the next 10 to 20 years.

Econ Strategy 1-1: Review the zoning ordinance to ensure that standards reflect the current vision for the downtown and evolving trends in commercial districts.

Econ Strategy 1-2: Continue to support and coordinate with the MBPA.

Econ Strategy 1-3: Monitor the occupancy of the Malvern Business Park and if needed, consider small scale redevelopment.

Econ Strategy 1-4: Monitor emerging opportunities for redevelopment along King Street, including but not limited to the Malvern Shopping Center.

Housing

Inventory

More demographic data available in Appendix A.

Policy

FLU Goal 3. Page 17: Expand residential housing opportunities and price points so Malvern Borough can be a place for everyone.

Hsg Goal 1, page 28: Support and enhance healthy, safe, sustainable, and diverse housing options and vibrant neighborhoods for residents of all ages and income levels.

Recommendations

Found on pages 17-18, and 28-29:

FLU Strategy 3-1: Amend the Zoning Ordinance to permit accessory dwelling units (ADUs) on existing lots with single-family residential dwellings.

FLU Strategy 3-3: If and when the Light Industrial District is no longer attracting and maintaining suitable tenants/businesses, evaluate and amend where appropriate the district to permit the establishment of multi-family residential housing.

FLU Strategy 3-4: Evaluate and amend where appropriate the C1, C2, C3, and C4 Districts to encourage the development of live/work uses and mixed-use buildings which utilize upper floors for living quarters.

Hsg Strategy 1-4: Encourage the maintenance of existing housing types by supporting rehabilitation and investment.

Hsg Strategy 1-6: Consider addressing short-term rentals in the borough Ordinances.
Infrastructure and Public Services

Inventory

See Chapter 6, pages 50-53; and Community Facilities, Chapter 7, pages 57-61.

Policy

Parks and Rec Goal 1, page 53: Provide a variety of exemplary park and recreation facilities and programming so residents of any age and ability may enjoy nature, be active, and engage with the community.

Parks and Rec Goal 2, page 54: Increase opportunities for non-vehicular connectivity within the Borough to its Parks and municipal amenities and facilities.

Parks and Rec Goal 3, page 54: Develop lasting and cooperative partnerships that will support the implementation of a greenway network along the southern border of the municipality.

Comm Fac Goal 1, page 61: Provide cost-effective, efficient, and dependable community facilities and services that support a high quality of life, now and in the future.

Recommendations

Found on pages 53-54, and 61-62:

Strategy 1-1: Regularly evaluate Borough staffing and consultant needs

Strategy 1-2: Evaluate the feasibility of hiring or contracting with a grants coordinator to competitively position the Borough for receiving County, State and Federal grants that may help implement recommendations contained in this plan.

Strategy 1-3: Ensure the Borough’s Capital Improvement Plan (CIP) reflects this plans vision and goals.

Strategy 1-4: Continue to encourage civic involvement in local government and municipal Boards and Commissions.

Strategy 1-5: Evaluate existing public and private spaces that may offer opportunities as spaces where residents can seek refuge from extended periods of extreme heat.

Strategy 1-7: Continue to provide pertinent and timely educational and informative materials to Borough residents via social media outlets, the Borough newsletter, and the Borough’s website.

Transportation

Inventory

See Chapter 8, pages 64-65.

Policy

Trans Goal 1, page 65: Provide a safe and efficient multimodal transportation network that supports the movement of people and goods and reflects the character of Malvern Borough.

Trans Goal 2, page 67: Improve safety and operations at key intersections.

Trans Goal 3, page 68: Support safe conditions by reducing vehicle speeds and cut-through traffic (including cut through truck traffic) on local roadways.

Trans Goal 4, page 68: Expand and upgrade infrastructure and connections for walking, biking, and transit usage within Malvern Borough.
Malvern Borough Comprehensive Plan
Urban Center Revitalization Plan Checklist

Trans Goal 5, page 69: Ensure Malvern Borough ordinances and policies for transportation infrastructure are aligned with the municipality’s goals and applicable standards.

Recommendations

*Found on pages 65-69:

Strategy 1-1: Maintain and update Malvern Borough’s capital improvement plan for municipal-owned roadways.

Strategy 1-2: Continue to evaluate options to increase funds for roadway maintenance, including repaving, restriping, stormwater improvements, safety enhancements, and winter maintenance.

Strategy 1-3: Coordinate with PennDOT and other agencies, as appropriate, regarding maintenance of non-municipal roadways/facilities to ensure that maintenance issues are addressed in a manner consistent with Malvern Borough’s vision and goals.

Strategy 1-4: Advance the various recommendations in Action Plan of the Malvern Borough Multimodal Transportation Study.

Strategy 1-5: Evaluate the siting of Electrical Vehicle (EV) charging stations with the Borough, including on Borough property, and ensure Borough ordinances promote and permit their installation at appropriate locations.

Strategy 2-1: Submit priority transportation projects to the Chester County Planning Commission for inclusion on the Transportation Improvement Inventory (TII) and the Urban Center Improvement Inventory (UCII), as well as the Chester County Community Development’s Community Revitalization Program (CRP).

Strategy 2-2: Complete engineering for key priority projects, seek agency approvals, as necessary.

Strategy 2-3 Evaluate grant funding opportunities such as the Chester County Vision Partnership Program (VPP) and the Delaware Regional Planning Commission’s Transportation and Community Development Initiative (TCDI) for future projects.

Strategy 2-4: Coordinate with PennDOT and Willistown Township, monitor opportunities, and evaluate options to provide safety and capacity improvements at the constrained Paoli Pike and South Warren Avenue intersection.

Strategy 3-1: Develop and establish a traffic calming policy and procedures that outlines how requests for traffic calming measures are reviewed, evaluated, and recommended for implementation.

Strategy 3-2: Consider a focus on speed enforcement along key traffic corridors.

Strategy 3-3: Coordinate with surrounding municipalities, Chester County, the Delaware Valley Regional Planning Commission (DVRPC), and PennDOT to address regional transportation issues and goods movement particularly related to critical corridors surrounding the Borough or corridors that cross municipal borders.

Strategy 4-1: Continue to support and advance completion of the Patriot’s Path project in order to provide multimodal connections to the region’s Chester Valley Trail.

Strategy 4-2: Develop strategies to improve comfort levels for high (stress levels 3 and 4) Level of Traffic Stress (LTS) routes for bicycles.

Strategy 4-3: Revisit, and update annually, the walkability study and sidewalk inventory developed in 2015 by the Planning Commission.

Strategy 4-4: Work with neighboring municipalities to develop a regional bicycle and pedestrian plan focused on connecting residents and their neighborhoods to regional recreational and commercial centers.

Strategy 4-5: Coordinate with neighboring municipalities to establish a bicycle map that identifies appropriate routes for bicyclists of varying skill/comfort levels.

Strategy 4-6: Ensure sidewalk maintenance along existing facilities through municipal code enforcement.

Strategy 4-7: Provide adequate amenities throughout the Borough, particularly in the downtown area, for pedestrians (i.e., signage, benches, trash cans, shade trees, planters, public restrooms, etc.) Provide upgraded bus shelters at existing bus stops where feasible.

Strategy 4-8: Provide upgraded bus shelters at existing bus stops where feasible.

Strategy 4-9: Collaborate with SEPTA and the local business community to ensure that existing parking supply is adequate, effective and meeting parking demands at the train station and downtown.

Strategy 5-1: Review and update the Malvern Borough Zoning Ordinance, Subdivision and Land Development Ordinance, and other policies related to the planning and design of roadways, sidewalks, and trails. Provide consistent terminology.

Strategy 5-2: Codify traffic impact study requirements within the Malvern Borough Subdivision and Land Development Ordinance that require new development or redevelopment to evaluate the project impacts to the multimodal transportation network.

<td>Traffic Safety, street car congestion, walk-ability is paramount. Crosswalks that are clearly marked and painted regularly, better access onto train. There is no way for a person in a wheelchair to access the actual train despite all the ramps at the station, those using canes or walkers etc. cannot get onto the train safely. All roads should have sidewalks. There are no sidewalks on First Avenue for a good portion of the street. The corner of King and Bridge is very dangerous for pedestrians, let alone anyone with a disability who is walking. Malvern has surpassed its traffic saturation for pedestrian safety.</td>

# OTHER (PLEASE SPECIFY) | DATE
1 | Family in neighboring county | 3/31/2021 12:29 PM
2 | For the most part it's pretty quiet & safe. Not much riff-raff. | 3/30/2021 9:27 AM

3 | Open spaces and woods. Parks, trees and gardens. | 3/28/2021 5:54 PM
4 | Public sewers and Gas utilities | 3/28/2021 5:12 PM
5 | It's a safe environment. | 3/25/2021 8:20 PM
6 | N/A | 3/25/2021 7:22 PM
7 | Diversity | 3/21/2021 8:32 PM
8 | The charm, for lack of a better word to describe the culture. Knowing most if not all my neighbors thru shared local activities. | 3/20/2021 5:59 PM
9 | The ability to live in town and still have a backyard with wildlife and a view of greenery a forestry. | 3/18/2021 11:44 AM
10 | I like living in town. | 3/17/2021 9:26 PM
11 | Natural areas/preserves, parks, woodlands. | 3/15/2021 1:35 PM
12 | Great neighborhood and neighbors | 3/14/2021 8:14 PM
13 | History, it is a town that I describe as having Victorian houses and tree-lined streets. Inclusive & Thoughtful - from the great snow removal, farmers market, events, infrastructure (sidewalks progran/crosswalks)acive community groups, accommodations (police parades/respectful enforcement/park maintenance), and lack of oppressive rules; it is a gem on the Main Line | 3/13/2021 11:01 AM
14 | Not overly political, or too many people belonging to one party. A good mix. | 3/13/2021 9:14 AM
15 | Up and coming. | 3/11/2021 10:08 PM
16 | Safe | 3/11/2021 5:23 PM
17 | History of the area | 3/11/2021 4:55 PM
18 | Lived in Malvern 10 yrs. Willistown 32 yrs | 3/11/2021 3:40 PM
19 | Green space and small town feel. | 3/11/2021 12:01 PM
20 | My friends live here. | 3/10/2021 7:34 PM
21 | Randolph woods, Malvern retreat woods, Paoli battlefield and other OPEN SPACE | 3/10/2021 1:10 AM
22 | Located between two areas in which I have professional associations - | 3/9/2021 6:56 PM
23 | Near Paoli Hospital, my pup and dentist as well as close friends. | 3/7/2021 3:20 PM
24 | small, engaged neighborhood community | 3/7/2021 2:53 PM
25 | Proximity to my elderly parent who lives in Hersheys Mill | 3/7/2021 1:09 PM
26 | The people! | 3/7/2021 11:10 AM
27 | Proximity to our faith community | 3/7/2021 9:13 AM
28 | Attractiveness/character of the area is going away rapidly! Too much growth/no longer a small town atmosphere! Too much traffic/especially the inability to exit Church Street due to too much traffic on King Street! | 3/6/2021 2:40 PM
29 | Small town friendly atmosphere | 3/6/2021 11:02 AM
30 | Ability to walk to the train station and other services was the primary reason I chose to live in the borough. | 3/6/2021 7:35 AM
31 | Has a comfortable home feel, not over crowded or over done. | 3/6/2021 3:46 PM
32 | Please raise our children well. I hope our parks don't serve as hangouts. | 3/4/2021 5:35 PM
33 | Small town life. Although with way too much commercial expansion this is disappearing. | 3/4/2021 1:19 PM
34 | Open space and preserved areas -Battlefield/ Monument grounds/Malver Retreat/Malvern Prep. | 3/4/2021 1:17 PM
35 | Restaurants, pubs, retail shops | 3/4/2021 1:10 PM
36 Potential of downtown area... needs work though
37 Small businesses restaurants and bars
38 Close to family, but that person has now passed away. We are now looking to leave Pa. The taxation and proposals are becoming oppressive.
39 Good medical facilities nearby.
40 Stores on and in vicinity of King Street and Warren Avenue.
41 Uniqueness of home... it is a duplex.
42 Preservation of the retreat center
43 Vibrant local business district
44 Proximity to retail support. Safety. Cleanliness. Proximity to church. Mix of young and old residents.
45 Parks and open space
46 Green space
47 The amazing community that I grew up loving and wanted to raise my family around. Plus the open areas and fields that are not developed with houses is the biggest reason for our moving. We feel like we are being forced out of our town and our homes. It's so heartbreaking to watch and listen to the way people are treating each other. It is not how we were raised nor is it how we teach our children to treat others.
48 The open areas and fields that are not developed with houses is the biggest reason for our family. Malvern isn't yet at the point of being overdeveloped, and keeping land open for just land, and not developing on it is what makes Malvern great!
49 Low crime, peace amongst neighbors, the spring and fall festivals, the Victorian Christmas celebration, farmers market, summer fair and Paoli battlefield preservation
50 Fairly quiet town although as a resident just outside the borough I have sadly seen many ongoing changes! Real estate grossly overpriced with Remnhan jamming in lego like ugly homes. The town's character is rapidly changing. Eastside Flats are ugly rows of monstrosities, not remotely suited to the fading character of the town. My property is within feet of the once quiet Randolph Woods trails. I walked, and continue to walk for the past 30 years, with noticeable change in number of people using the trails. A bike park would completely ruin the peace and serenity of the woods!
51 My friends live here
52 Safety Lower taxes with above average municipal services Small town feel with nice paths and trails to walk/run
53 Local stores and services
54 Good balance of homes/buildings and nature
55 Small town feel
56 I love living in a town but being able to walk to woods and parks. In most other nearby municipalities, you would have to drive to enjoy these amenities.
57 When younger, we had 3 boys attending the schools in Great Valley. That was a big plus. Another reason for living here is the walkability to local businesses. The Borough has always been very good about clearing the roads in the winter as well as providing for trash pickup and leaf pickup. We live near the park on Monument which is another plus for the entire Borough. Nice to have so many parks and play areas in the Borough.
58 Randolph Woods and the Battlefield Woods
59 Vibrant business district that our customers enjoy doing business in
60 Sense of community - small town feeling
61 Malvern retains aspects of a small country town with lots of trees, little used streets, and beautiful green belt.
62 Living in a historic American Town off the famous Lincoln Highway.
63 Malvern Borough History.
64 Convenience to local Restaurants and Grocery—all walkable.
65 Safety of the area.
66 Affordability at time of purchase.
67 natural areas and parks; open areas like Paoli Battlefield.
68 What remains of the green space within Malvern is crucially important.
69 near the church of my choice.
70 Local church.
71 neighborhood/community/friendliness, greenspace.
72 Less traffic; continued Holiday events/parades; library; open parks; safe community; Children's sports.
73 Woods, fields and architecture.
74 Significant tree and plant foliage, park areas, classic architecture.
75 Sense of Community.
76 Proximity to walking and biking.
77 downtown walkable retail: shops, eateries, etc.
78 30 years resident, chose for friendliness.
79 Parks, running areas, quiet safe.
80 I love having access to learning about my town's history as I walk around. I love that our police officers continue to make my kids' bus stop a priority many mornings and afternoons to keep our borough a place that respects pedestrians (young and old).
81 Parks and green space.
82 Safe.
83 Ample open space for public events and private walkabouts.
84 TAXES ARE LOW & CLOSE TO HOSPITAL AND SHOPPING.
85 Mom and pop shops and restaurants.
86 safe from crime.
87 Sense of community in malvern borough.
88 Parks & Open space.
89 local businesses- places to eat, shop, etc...
90 Convenient to shopping, lots of open space.

| 13 One suggestion Memorial Park should be one way driving. | 3/17/2021 9:26 PM |
| 14 We should have more eco and dog friendly ice salt for the winter, and also more wheelchair accessibility | 3/14/2021 8:14 PM |
| 15 It is a town that cares. Maintenance is not deferred. Contentious issues are discussed at Borough Council. People are actively involved in ensuring this town remains a great place to live and work. | 3/13/2021 11:01 AM |
| 16 Some of the sidewalks are not great for strollers. We try to walk around but its not a smooth ride. Also I wish the borough extended their sidewalks out towards Paoli ok King St farther. Both towns should work together to connect the borough of Malvern to that huge neighborhood of houses from Duffrey to Bryel. | 3/11/2021 10:12 PM |
| 17 Way over developed, cease and desist all new construction and get rid of half of the new junk that has been built | 3/11/2021 4:55 PM |
| 18 Would love wider sidewalks and bike lanes on streets like Monument and King | 3/11/2021 12:01 PM |
| 19 Regarding snow removal, I live on Mountain Laurel Lane in Malvern Borough and the borough has never snow plowed or salted our street even though we all pay taxes. We have to pay someone to do it. The borough should provide this service. | 3/10/2021 7:34 PM |
| 20 It is hard to walk outside of a very small area, because you don't have sidewalks many places. Some of us disabled folks can't afford cars. It's a little scary to walk on King Street in the places where there is not a sidewalk. It would be nice to have wood chips on the trails in the woods so my shoes don't get all muddy this spring. | 3/10/2021 11:51 AM |
| 21 Street Cleaning: Why are they not directed at the events in advance? | 3/9/2021 1:51 AM |
| 22 Would be great if sidewalks extended on monument and king | 3/9/2021 11:00 PM |
| 23 Depends on high traffic times. | 3/9/2021 2:40 PM |
| 24 Open space | 3/9/2021 9:50 AM |
| 25 We pay the same taxes as everyone else yet we pay extra to have our private drive snow plowed. | 3/9/2021 9:33 AM |
| 26 More walkways are needed | 3/9/2021 5:04 PM |
| 27 Would like to see a path leading continuing from KWF on King street into Paoli. Also a path/walkway in front of Malvern prep. | 3/9/2021 3:46 AM |
| 28 I love the summer yoga series - please offer this again! | 3/9/2021 9:59 AM |
| 29 Water runoff into my yard still needs to be addressed. | 3/9/2021 3:51 PM |
| 30 Need sidewalk up Old Lincoln from Borough line to Bridge Street | 3/9/2021 8:38 PM |
| 31 There are some stretches of the Borough that could use walkability enhancements - specifically, connecting to Rte 30 via King Road | 3/9/2021 7:04 PM |
| 32 Malvern borough needs to buy the lot at King and Bridge to turn it into park. | 3/9/2021 4:03 PM |
| 33 The snow removal for cars is fine but not the sidewalks at intersections. | 3/9/2021 3:25 PM |
| 34 Too many residents have plants and bushes grown into the sidewalk to get past them without walking in the street and codes are not enforced to cut them back | 3/9/2021 1:48 PM |
| 35 Mayor does not provide enough oversight of the police department/chief of PD. Poor checks and balance. There is concern for issues with the chief of police internally and externally; there is concern for harassment by PD to citizens with poor oversight of PD chief and PD by mayor. More funds from PD need to be allocated to other departments of the borough as too much of
the borough budget goes to PD. There has been an increase in more violent crime (intruders, car theft etc.). Outsourcing to other PD may be more cost effective and cost effective as current PD is not certified/accredited and has internal management issues.

36 This area needs to be more walkable- and the roads that lead up to the area on King. We also need more parks and activities for kids, and an expanded library with tons more programming for all ages.

2/27/2021 3:00 PM

37 First, I wish zoning board was more meticulous in keeping the lovely “borough” nature of the downtown area. The new buildings including the new brew pub (while a fine restaurant neighbor) is very unattractive and is sorely out of place. Malvern could be very charming if it chose to be. The residents deserve better. Second the ridiculous number of garbage pedestrian crossing signs in the downtown is confusing and distracting to drivers, is governmental overkill, and again takes away from the charm of the borough.

2/26/2021 4:12 PM

38 We need a dog park! More sidewalks and crosswalks!

2/26/2021 3:32 PM

39 Needs more sidewalks. Unsafe. Also- dull/typical trail is probably one of my most favorite and unique things. Forestry for animals and humans alike.

2/26/2021 1:39 PM

40 We need better visability for walkmers/bikers, especially children on bikes/scooters. A pump track in the proposed location is a dangerous idea. I live on that corner with small children. I am scared walking/biking with them to & from st parks for school every day. Especially with snow. Care by by. There’s no bike lane or wide enough sidewalk to go to and on Ruthland with all of the trucks from the restaurants and shops plus cars it’s almost impossible to ride our bikes just to scoops down our own street. Adding more traffic without fixing the original issue is a poorly thought out idea and frivolous way to spend our tax dollars in these times. A pump park in another location, however I think MANY residents will support. Perhaps in the picnic area of randolph where there is actually already parking?? All council has to do is change their own ordince, I believe?

2/25/2021 11:45 AM

41 I marked dissatisfied for snow removal because the trucks plow too fast and throw snow onto our sidewalks.

2/25/2021 11:32 AM

42 For walk ability and bike ability, I only said no because there aren’t any sidewalks.

2/25/2021 11:28 AM

43 Not trash pick up or snow removal in front of our house.

2/24/2021 8:19 PM

44 I’d like to thank yesterday’s snow plowers. They did a great job and plowed multiple times. Thank you.

2/23/2021 2:17 PM

45 Walkability feels safe within the borough, but we really wish there were safe walking options on King to connect to the borough. (Between Sugartown Rd, and 352)

2/23/2021 12:47 PM

46 Some of the side roads in Malvern really need to be re-paved. Currently, the road on the perimeter of our property is basically crumbling! Gets worse with every snow and maintaining the lawn is difficult because of all the rock that accumulates as the black top chips away. In addition, the irregularities between handicapped ramps from one corner to another makes walkability very difficult. As a family with little ones, I can see how much many young families would benefit from having uniformity between the handicapped ramps at each corner (rather than randomly placed throughout the borough). That being said, many of the existing sidewalks (and corners) need repair.

2/22/2021 11:45 AM

47 Lots of homes in the borough need repair. Likely occupied by struggling seniors. What can be done?

2/20/2021 9:29 AM

48 Love the idea of a pump park but HATE the idea of it being near/on Ruthland. Please find a new location.

2/20/2021 1:55 AM

49 Not satisfied with ability to drive through borough without constant delays due to traffic relative to roads

2/18/2021 10:19 PM

50 Need more parks and play areas for kids

2/18/2021 4:17 PM

51 I think it is great that we have a bikeable town, but I am disheartened by the destruction bikers have initiated in the woodlands. We need designated bike areas, so our natural areas are not degraded by a recreation activity. An recreational activity should have minimal impact on our shared natural resources.

2/18/2021 4:05 PM

52 I think I covered above. Nothing mentioned about businesses. Why not? Businesses are

2/18/2021 2:19 PM

45 / 156

53 The small strip of Malvern along Paoli Pike is rather ignored. No sidewalks, no sewer. So not walkable at all from where we live.

2/18/2021 1:24 PM

54 Regarding bikeability and walkability, I would love to see a safe connection between Malvern Borough and The Chester Valley Trail and Wegmans/Target. Having to go under the tram bridge over route 30 near 29 is death-defying.

2/18/2021 8:54 AM

55 Community feel

2/16/2021 8:21 PM

56 could use more sidewalks

2/16/2021 8:12 PM

57 Go to the Post office often

2/16/2021 11:11 AM

58 The Borough has done an excellent job of keeping the forest paths clear after storms creating fallen trees. The woods have been very important to residents during the pandemic.

2/15/2021 5:34 PM

59 Dissatisfied: Malvern is becoming more and more upper middle class and less diverse economically. Specifically, while we get larger homes and less interesting design, we are also becoming a more homogenous population.

2/14/2021 11:53 AM

60 There should be a focused effort to connect the Malvern Borough to the Chester Valley Bike trail. Riding bicycles in the Malvern Borough is not safe for children or adults.

2/13/2021 12:49 PM

61 The intangibles of village conveniences combined with lots of open and recreational space.

2/12/2021 3:56 PM

62 Entering town from the south almost feels like happening upon a hidden gem nestled in the woods and meadows.

2/11/2021 10:08 PM

63 Dissatisfied with storm water management, my driveway is under water with every heavy rainfall. Very poor drainage.

2/11/2021 1:52 PM

64 Would like the borough to be more pedestrian friendly. Crosswalk at King and Bridge is very dangerous. Also the intersection at Broad Street and Warren north of the Sepka tunnel is very dangerous. Overall if you are South of King Street, you experience more pedestrian friendly roads and crosswalks. North of King it is very difficult to navigate.

2/11/2021 4:10 PM

65 Safety

2/11/2021 12:01 PM

66 Friendliness, uncrowded streets

2/11/2021 11:29 AM

67 Visionary leadership - dissatisfied

2/10/2021 6:32 PM

68 Paoli Battlefield is so important

2/8/2021 11:03 AM

69 Traffic congestion is a major issue!

2/7/2021 10:46 AM

70 All of the satisfied notes are very dependent on future changes to the Borough!

2/5/2021 8:43 PM

71 I would like to see more green space and preservation of nature (e.g., biking, hiking, running trails, native/wild gardens throughout the borough. I am greatly concerned with the fast pace of development in the area. I am concerned about the rapid housing development and the potential of removal of the forest/woods of the Malvern Retreat in order to make the way for more housing. I believe the essential health of our community (both physiological and mental) is directly linked to access to open space and nature.

2/5/2021 7:43 PM

72 Too much evidence of police presence with blinking lights and signs on King Street. It’s the ugliest street in town

2/5/2021 5:55 PM

73 Bike routes dont connect to any other areas w/o taking life into your own hands.

2/5/2021 4:53 PM

74 As this only gives the binary answer of satisfied/dissatisfied, please note some areas (such as walkability) are good but could be improved upon

2/5/2021 2:50 PM

75 Looking forward to better options for bikes. New pump track!

2/5/2021 2:30 PM

76 Too much new construction. Renathan needs to stop.

2/5/2021 10:24 AM
But walkability safety could be improved especially by adding sidewalks on streets in the borough that are without.

Outside of the Borough walking and biking are outright dangerous. I’m certain that someone is killed while walking or cycling in Willistown/Malvern every year. Speeding is the main problem.

extrremely disappointed with the way that borough council is handling this "pump park"idea that not many residents seem to be aware of. Those of us that have raised concerns have been completely disregarded. Very sad for the community.

There some areas that could use sidewalks, that dont need them. And there are other areas without sidewalks, that need them. Connectivity and safety need to have an equilibrium.

Traffic congestion not satisfied, too much grid lock. Main intersection is a major roadblock to getting through or around the borough.

Q9 Under normal (non-pandemic) circumstances, how often do you do the following in Malvern Borough?

Answered: 567  Skipped: 4
Q10 What type of additional businesses and/or public facilities would you like to see in Malvern Borough?

Answered: 355  Skipped: 216

<td>I really wish another 2 restaurants came into town. I understand how difficult that is fine then now but since Christopher's leaving there could be more options for restaurants/bars. Another facilities that would be very nice would be a kids camp run by the town at a park (I would run it. My email is <a href="mailto:allison.mongan@gmail.com">allison.mongan@gmail.com</a> if that is something we could run)</td>
<td></td>

90 / 156
new businesses, I prefer to keep it local and avoid chain stores. Regarding public facilities, I'm a supporter of the Randolph Woods Master Plan.

115 Bike shop, coffee & bakery cafe, gourmet cookware and culinary specialty store, frame shop, camera shop, pet store. 3/5/2021 6:32 PM

116 Bar/restaurants and something for kids/young adults(arcade, bowling, skateboard park) 3/5/2021 6:06 PM

117 More restaurants. More parking for the people that visit the Borough. 3/5/2021 5:14 PM

118 We would walk/bike more if there were walkways 3/5/2021 5:04 PM

119 Healthy breakfast spot with juices, smoothies, salads...similar to Oasis that left Piazza. 3/5/2021 3:46 PM

120 More family restaurants 3/5/2021 3:09 PM

121 Usable walk ways on all ends of Old Lincoln-Hey. 3/5/2021 1:42 PM

122 Coffee shop, restaurant, retail 3/5/2021 11:52 AM

123 None 3/5/2021 11:19 AM

124 New drug store Perhaps a dog run for pet owners Sidewalks on First Ave. and Second Ave. 3/5/2021 10:10 AM

125 More drinking and dining options - make King Street a destination 3/5/2021 9:59 AM

126 Dedicated bike lanes by roads or next to roads 3/5/2021 8:48 AM

127 Roller Skating rink & Bowling Alley 3/5/2021 8:00 AM

128 SBA restaurant and coffee shop 3/5/2021 7:44 AM

129 Parking garage 3/4/2021 7:41 PM

130 Would like to see Christopher's back, or another family oriented restaurant. 3/4/2021 6:55 PM

131 I wish businesses would last longer ,more restaurants would be great 3/4/2021 6:20 PM

132 more diverse dining options 3/4/2021 6:15 PM

133 Safe spaces for tweens, teens and young adults to socialize and exercise 3/4/2021 5:15 PM

134 Nothing at this time 3/4/2021 4:09 PM

135 more restaurants & retail. 3/4/2021 3:51 PM

136 more kid friendly facilities (restaurants, parks, etc) 3/4/2021 2:29 PM

137 Additional restaurant to replace Christopher's. Dog Park. Open space for younger kids to ride there bikes versus on the busy roads. I walk my dog in the borough daily so More sidewalks. 3/4/2021 1:30 PM

138 No more commercial business! Addition of more public spaces if possible. 3/4/2021 1:19 PM

139 More small shops, more food choices(a cheese shop, a bakery) 3/4/2021 1:17 PM

140 not sure 3/4/2021 1:10 PM

141 More small businesses., Not 1 business taking up half of the shopping center and parking. 3/4/2021 11:48 AM

142 book stores. 3/4/2021 11:28 AM

143 restaurants 3/4/2021 9:48 AM

144 Parking Garage 3/4/2021 9:40 AM

145 Restaurants, Shops, small grocery and food specialty shops 3/4/2021 9:12 AM

146 Retail wine store, micro brew, more non-chain restaurants, venue for live music with bar!! 3/3/2021 9:47 PM

147 Bagel store 3/3/2021 9:22 PM

148 More restaurants, beer garden, coffee shop 3/3/2021 9:14 PM

149 Restaurants, activity/entertainment 3/3/2021 9:03 PM

150 Dog park 3/3/2021 7:22 PM

151 Pump park Bike/walking access to Chester valley trail Organized trips (NYC, Washington, DC) similar to East Goshen 3/3/2021 7:07 PM

152 Non-portable public restrooms. 3/3/2021 7:04 PM

153 More bike trails, more things to do. We are down to 3 restaurants and a breakfast place. I'm bored out of my mind. 3/3/2021 6:35 PM

154 East side flats is hurting. You need to do something to attract business to that area. 3/3/2021 5:28 PM

155 Coffee shop; Book shop 3/3/2021 5:18 PM

156 It would be great to have a hardware store again! 3/3/2021 4:51 PM

157 I'm happy with how Malvern is now. I do not want any more buildings built I do not want any more business or residential buildings built. 3/3/2021 4:42 PM

158 We need to buy the lot and king and bridge for a park 3/3/2021 4:03 PM

159 A good italian bakery. 3/3/2021 3:25 PM

160 More affordable housing for elderly...those on a limited income and mobility. 3/3/2021 2:59 PM

161 Public tennis courts w/o dues; better maintenance of basketball courts; connection to Uptown Worthington via walk/bike sidewalks/trail 3/3/2021 2:24 PM

162 Not sure 3/3/2021 2:21 PM

163 Dog park 3/3/2021 1:48 PM

164 Don't know 3/3/2021 1:42 PM

165 Public garden 3/3/2021 1:40 PM

166 Music venues! This is an arts desert when it comes to live music! 3/3/2021 12:02 PM

167 Book store, coffee shop 3/3/2021 9:21 PM

168 A bar or restaurant to take the place of Christopher's in Eastside Flats. 3/3/2021 10:54 AM

169 Encourage small businesses and restaurants to return to existing retail space 2/27/2021 10:22 AM

170 More restaurants 2/26/2021 6:25 PM

171 Starbucks 2/26/2021 5:18 PM

172 More small restaurants like Alba, Butterfly. Julie Anne's. More space for outdoor dining. 2/26/2021 4:12 PM

173 Dog park. Bike trails that connect to the CVT, SRT or bike lanes. 2/26/2021 3:32 PM

174 More restaurants 2/26/2021 2:58 PM

175 More restaurants 2/26/2021 2:30 PM

176 Cocktail/nice wine bar 2/26/2021 2:25 PM

177 Coffee shop!! More hang out spots for a downtown 2/26/2021 1:39 PM

178 Book store 2/26/2021 1:04 PM

179 A sushi restaurant 2/26/2021 12:47 PM

180 More shopping and restaurants 2/26/2021 12:46 PM

181 Sushi restaurant, dog park, pharmacy 2/25/2021 1:48 PM

182 Restaurants and Bike trails 2/25/2021 12:40 PM

183 Men's Barber Shop Wine & Spirits Store 2/25/2021 12:34 PM

184 More trails for running/biking and pet playgrounds 2/25/2021 12:06 PM

185 A hardware store would be great. 2/25/2021 11:46 AM

186 I'd love to see the town become a safer place to ride bikes in general to the restaurants and 2/25/2021 11:45 AM
shops for the whole community not just for a small age group to one park location. I used to live in Boulder Colorado for college and it was amazing how pedestrian friendly Boulder is in comparison to Malvern.

187 Fenced Dog park!! Recreational biking opportunities Sidewalks along king beyond the Borough Sandwich (not pizza) shop Mini-concert venue or amphitheater

188 more food options on king st. especially towards the Eastside flat apt area. Healthier options. examples: Juice Pod (located in Bryn Mawr & Sea Isles), Sweet Green, Byrn Mdl. danes, Any smoothie and juice shop. A fitness/yoga studio. Would also like to see the basketball courts on Old Lancaster Highway/Bridge St go from concrete to a more playable surface like the courts on 1st ave.

189 Dog park, fountain, community , better playground for kids, garden, more picnic tables to sit, bigger library, more coffee shops, donut shop, more boutiques less houses on king street more restaurants and cafes, a cigar shop, a whisky lounge, mini movie theater, book store, high end restaurants, teenage clothing store, smoothie bar, vitamin health store, yoga center, pet store, shoe store, craft store, fudge candy store, a welcome center, gift shops more stores more restaurants the more you attract the more better for the community.

190 I would like a book store

191 Bike lanes, more restaurants, a coffee shop

192 More family friendly restaurants with outdoor dining.

193 I would like to see another restaurant to replace Christopher's.

194 Dog park Beer garden

195 An open-air area for live music/entertainment More restaurants Pump track - areas to bike off road

196 Nothing I can think of

197 More park facilitiees/features for older children or larger playscapes

198 Dog park

199 storm drains on the west side of the borough would be helpful. Please consider moving the bike pump project to green tree park. The slated location sits very close to Randolph Woods and really does appear to be one in the same. Lastly, a trail connection to the Chester valley trail would be wonderful and allow safe distance running/biking.

200 Less building on every available space.

201 A "healthy" fast-casual food spot. A "toddler zone" type space for daily play sessions or parties. Additional restaurant options (really missing Christopher's!).

202 Breakfast/coffee shops! Love all of our unique, small businesses :) Do not commercialize Malvern!

203 a dog park - we need a place to have our dogs play "off leash". There are many dog owners in Malvern who would love to have their dogs play together in a contained area.

204 More restaurants

205 More sidewalk restaurants or outdoor eating areas

206 Less high density housing and less huge, ugly commercial buildings (i.e. Cube Smart, Meridian Bank) - development is ruining the beauty of the area

207 We need more restaurants. It would be nice to have more brunch and lunch spots

208 A family restaurant, bike shop, book store, more retail stores, places for teens to hang out such as a pump track at Randolph.

209 Wine and spirits shop. Trader Joe's Restaurant

210 Dog park - fenced in where the dogs can run around together

211 NONE. Focus on existing businesses and public facilities
Please protect our natural wooded areas. Replace and/or plant trees along our streets to maintain canopy, and combat climate change and stormwater runoff.

I would like to see a wider variety of downtown shops and professional services within the borough. Attracting specialty take out food services, such as a candy store. Trying to think outside the box, like bike repair/sales, home products like interior design services, Chiropractor, specialty shops and more restaurants.

Continue to support restaurants, outdoor seating at restaurants. A public pool. Continue to support restaurants, outdoor seating at restaurants. A public pool. More nice restaurants, fewer auto repair shops. Connect us to the CVT in a SAFE way, ie outside the box, like bike repair/sales, home products like interior design services, Chiropractor, specialty shops and more restaurants.

More cafes

More nice restaurants, fewer auto repair shops. Connect us to the CVT in a SAFE way, ie create a dedicated path or bike lane between the Borough, down Warren or Bridge Street and more walking paths in woodlands. More restaurants, open space and less building of houses cramped into small Lots. A new restaurant where christophers was

Geting in and out of the Borough on a bike is not very safe. Not sure anything can be done about this but we have the Chester Valley Trail (a great asset) about 1.5 miles away from the borough and no safe way to ride a bike to it. Unfortunately, the King St. corridor is so congested with traffic that it's hard to envision a way we can increase its vitality with small retail spaces, cafes, etc. Coupled with that, is the fact that many people who frequent the small businesses drive into the borough to do so. Parking areas (e.g., the Septa parking lot?) for evening and weekend activities need to be more clearly advertised on business' websites.

Malvern needs to look at West Chester, Kennett, Phoenixville and Oxford - how their small businesses drive into the borough to do so. Parking areas (e.g., the Septa parking lot?) for evening and weekend activities need to be more clearly advertised on business' websites.

Malvern needs a lot of additional businesses to attract more outside foot traffic & more for its residents. Better and more affordable family restaurants, bakery, gift shops (not the high end ones!). Malvern needs to look at West Chester, Kennett, Phoenixville and Oxford - how their small businesses drive into the borough to do so. Parking areas (e.g., the Septa parking lot?) for evening and weekend activities need to be more clearly advertised on business' websites.

I would like to see the circle at monument have lifts installed. People walk there all the time and it is hard to see.

I would like to see Malvern borough help spearhead an effort to create more green space. More trees

A public space in the empty lot at Bridge and King--sort of a public gathering hub in the middle of the commercial space. We have that at the Blutery but you feel compelled to buy some pricey coffee or eats in order to hang in their outdoor space.

292 Coffee shop, eateries, bakery 2/5/2021 6:26 PM
293 Book store 2/5/2021 5:55 PM
294 Barber Shop, more dining choices, coffee shop bakery 2/5/2021 5:00 PM
295 Bike path connections to other municipalities. Pickleball!! 2/5/2021 4:53 PM
296 All the retail here is kind of the same - women's clothes and home decor. Outside of the new Imaginarium (which I haven't been to yet), there's not much character in terms of books, movies, gaming, styles for anyone of a younger age, etc. There's also not a ton of programming that isn't primarily family-focused. I could be uninformed, but that's my sense. I do not think other interests and needs to be sacrificed, but different things could be reflected more.
297 Wine store 2/5/2021 3:37 PM
298 Bike lanes, bike trails, bike skills park 2/5/2021 3:35 PM
299 Areas for kids to bike, safe bike/walker access to Chester valley trail 2/5/2021 2:58 PM
300 Cant wait for the pump track would love to see biking allowed as passive recreation in the wooded areas 2/5/2021 2:30 PM
301 An modestly-priced family-type restaurant that is open for dinner as well as breakfast and lunch. 2/5/2021 2:30 PM
302 Bring Christophers back 2/5/2021 1:34 PM
303 Coffee shop, card store (hallmark type); simple eateries (e.g. Nudy style); ceramic craft shop (perhaps with light food or drink) 2/5/2021 1:01 PM
304 Bike racks near clusters of local businesses 2/5/2021 12:53 PM
305 More dining retail small craft stores and art workshops, places for kids to get hands on learning (pottery studios, cooking, sewing, general house maintenance) anything to get kids involved b/c they can walk or bike to town. 2/5/2021 11:20 AM
306 Restaurants and boutique shops. 2/5/2021 11:17 AM
307 Sad we lost Christopher's 2/5/2021 10:59 AM
308 Bakery. Small General store, need of pharmacy we can walk to 2/5/2021 9:10 AM
309 Dining establishments with outdoor/flexible seating; 24 hour gym m space; recreational leagues 2/5/2021 9:10 AM
310 Dog Park 2/5/2021 10:35 AM
311 Would love to see some additional dining options! 2/5/2021 10:27 AM
312 Splash park, swimming pool, dog park Composting and community garden plots Asian restaurant, mexican restaurant 2/5/2021 10:26 AM
313 More green space. Maybe a wreck center instead of more housing. More traffic calming measures on King. No new building at King and Bridge. It should be Borough property and residents should be given a say in what goes there. If it's the first thing people see when they enter the Borough, it should represent the community. New construction is causing over crowding and taking away from the charm of the Borough. 2/5/2021 10:24 AM
314 More recreational opportunities. We probably have enough antique and gift shops. 2/5/2021 10:16 AM
315 More small retail, less restaurants taking up half the shopping center and other bigger buildings 2/5/2021 8:26 AM
316 Not sure 2/5/2021 7:59 AM
317 Wine tasting/ winery, bathroom (especially at the CVLL baseball fields at Monument where we spend all Fall and Spring!) 2/5/2021 7:57 AM
318 More restaurants. Would love to see Flying Pig more into the vacant Christopher's space. More retail shops, like the old Picket Fence. 2/5/2021 7:52 AM
319 Hardware store and cvs 2/5/2021 7:26 AM
320 Mom and pop hardware store, Pharmacy/general store, Brewery, Outdoor Outfitters, anther restaurant option 2/5/2021 5:44 AM
321 More "fun" retail stores. Places that sell nice greeting cards and candles, like paper source. It would be nice to have a boutique fitness studio like boxing. It would also be nice to have more restaurants. I think the borough has enough parks and green spaces. It would be nice to mix businesses off of Main Street. We love cottage flowers! 2/5/2021 11:31 AM
322 Bakery Wine store Coffee shop 2/4/2021 9:28 PM
323 A breakfast/ lunch restaurant. Funding given to the businesses to help support them through the pandemic. 2/4/2021 8:11 PM
324 More family friendly restaurants/eateries/coffee shops Practical shops, not only expensive boutiques, a small book store would be amazing 2/4/2021 8:07 PM
325 More restaurants, more bike paths 2/4/2021 8:00 PM
326 Urgent care office, pharmacy, art/history museum 2/4/2021 7:53 PM
327 More restaurants/pubs More green space 2/4/2021 6:43 PM
328 pharmacy - a grocery store 2/4/2021 6:40 PM
329 BRING BACK THE PUBLIC SHOOTING RANGE 2/4/2021 6:15 PM
330 Movie Theater and Book store Bring Christopher's back! 2/4/2021 5:57 PM
331 Hardware store, restaurant to replace Christopher's, deli or take out food shop 2/4/2021 5:50 PM
332 Independent bookstore 2/4/2021 5:39 PM
333 More casual restaurants (byob). 2/4/2021 4:58 PM
334 Dedicated bike lanes, walking paths connected to major trails (i.e. Chester Valley Trail). A dog park. 2/4/2021 4:52 PM
336 More retail shops - perhaps a 55 and up community 2/4/2021 4:42 PM
337 More restaurant variety (non pandemic if they could survive :) more variety of shops or maybe a boutique type place? The pandemic really changes things. Maybe a community gathering place year round with fountains/splash pads in summer! fire pits/ice-skating in winter? 2/4/2021 4:31 PM
338 More restaurants. 2/4/2021 4:22 PM
339 Drug store, cultural restaurant 2/4/2021 4:20 PM
340 Brewery, but someone actually needs to take into consideration parking with these facilities. Brick and Brew (pre-pandemic) was an absolute nightmare with that parking situation. Clearly, the Borough leaked the other way with sufficiently trying to plan for that space, as it pertains to the movement of vehicles and parking. If there is not adequate room for parking, then these facilities should not exist - bottom line. 2/4/2021 4:14 PM
341 Book store w/ room to work and study; allergy-friendly restaurants/stores (Kimberton, Christophers, Anthony's and Scoops are great for safe options:); bike path; bagel shop 2/4/2021 4:09 PM
342 More restaurants and shops 2/4/2021 4:09 PM
343 Malvern borough needs to consider it's traffic situation as it expands and continues to be more attractive. More open space and areas for families and places to gather. Would love to see more thriving businesses and restaurants 2/4/2021 3:48 PM
344 Senior Center 2/4/2021 3:43 PM
345 More restaurants 2/4/2021 3:39 PM
346 Book store, 2/4/2021 3:38 PM

<td>347</td>
<td>None until roads are improved so improved traffic flow is achieved. Parking along the main thoroughfare needs to be eliminated to several blocks in both directions of the main intersection. Trucks making deliveries or going to or from the industrial park are much bigger today than 30 years ago and the roads with parking are a problem.</td>

<tr>
<td>1</td>
<td>Robust like Wayne</td>
</tr>
<tr>
<td>2</td>
<td>Discourage developers who tear down modest houses to build huge ones that are incompatible with neighborhood</td>
</tr>
<tr>
<td>3</td>
<td>serve as a paradigm for other Main Line towns in terms of a vibrant and diverse community and commercial corridor &quot;Main Street&quot;, healthy/active living, and resident satisfaction.</td>
</tr>
<tr>
<td>4</td>
<td>Get kids more involved in serving the community, have job posts and hiring opportunities help needed more available.</td>
</tr>
<tr>
<td>5</td>
<td>Limit in-fill/dense development</td>
</tr>
<tr>
<td>6</td>
<td>Make it more affordable for those with a low or moderate paycheck to afford a decent home because this neighborhood is very nice to live in.</td>
</tr>
<tr>
<td>7</td>
<td>Preserve the town</td>
</tr>
<tr>
<td>8</td>
<td>Provide affordable housing. $2,000 for a 2 bedroom apartment is 25% more than I was paying 4 years ago. I know I couldn't afford a mortgage here.</td>
</tr>
<tr>
<td>9</td>
<td>Decrease housing costs</td>
</tr>
<tr>
<td>10</td>
<td>Controllable and fair rental apartments or townhomes</td>
</tr>
<tr>
<td>11</td>
<td>Create affordable housing</td>
</tr>
<tr>
<td>12</td>
<td>Maintain affordability and engage the community with more activities</td>
</tr>
<tr>
<td>13</td>
<td>An affordable place that's family friendly</td>
</tr>
<tr>
<td>14</td>
<td>Slowly redevelop the industrial park into a residential in order to cut down on commercial vehicle traffic among other things. This would significantly clean the town overall. There is no place for an industrial park in a charming small town such as Malvern.</td>
</tr>
<tr>
<td>15</td>
<td>Stop allowing the development of closely-packed large houses on green space. Malvern should also add parking for SEPTA users.</td>
</tr>
<tr>
<td>16</td>
<td>focus on the residents more than the business owners, focus on input from those who pay taxes versus those who are renting or may not have a vested interest in the community long term</td>
</tr>
<tr>
<td>17</td>
<td>Restrict all residential and commercial building</td>
</tr>
<tr>
<td>19</td>
<td>resist overbuilding just to expand tax base without regard to loosing town character</td>
</tr>
<tr>
<td>20</td>
<td>Limit housing size to existing sizes</td>
</tr>
<tr>
<td>21</td>
<td>Be a destination spot like Wayne with miles of neighborhood walking and shops</td>
</tr>
<tr>
<td>22</td>
<td>Look hard at what is happening regarding worker housing. Developers (note Rennahan here) must have an &quot;vi&quot; with the Two. Smaller, more affordable residences are knocked down and high end behemoths are constructed, mature plantings and trees are sacrificed to accommodate the new construction. Rentals like Charleston Green this year have doubled the usual rent increases, with the explanation that we have to be “brought up to market”, so longer</td>
</tr>
</tbody>
</table>
1. Strive to maintain our “small town atmosphere”.
   3/26/2021 7:06 PM
2. Less density
   3/26/2021 5:57 PM
3. Provide affordable housing options.
   3/26/2021 4:54 PM
4. Attract more walking/biking traffic.
   3/26/2021 4:53 PM
5. Maintain its safe streets, rich character, and current population size.
   3/26/2021 4:39 PM
6. Attract growing families
   3/26/2021 3:39 PM
7. Improve parking
   3/26/2021 2:53 PM
8. Allow residential building/construction to evolve with the neighborhood.
   3/26/2021 2:28 PM
9. Maintain its current course. It is a very pleasant town to live in and or visit.
   3/26/2021 2:08 PM
10. Be vibrant with business but also self sufficient to ensure that everyone feels welcome.
    3/25/2021 8:20 PM
11. Lower the barriers for businesses coming in.
    3/24/2021 9:13 PM
12. Stop building and leave some open space. Too crowded.
    3/24/2021 10:49 AM
13. Maintain their good standing
    3/23/2021 4:01 PM
14. More character shops
    3/22/2021 3:08 PM
15. one that keeps its historical and open space character.
    3/22/2021 9:07 AM
16. continue offering a friendly family environment
    3/21/2021 8:32 PM
17. Be a destination for non Malvernites
    3/21/2021 8:25 PM
18. Attract young professionals with restaurants, coffee shops, light entertainment venues, etc.
    3/21/2021 7:04 PM
19. rem and restaurants
    3/20/2021 3:46 PM
20. Maintain our character
    3/18/2021 3:15 PM
21. Diversify and become geared more towards younger families.
    3/18/2021 12:51 PM
22. be a highly walkable and bikeable town.
    3/18/2021 12:41 PM
23. preserve woodlands and natural habitats.
    3/18/2021 12:40 PM
24. Not build huge apartment buildings
    3/18/2021 12:17 PM
25. Encourage first time home ownership by supporting affordable housing opportunities
    3/18/2021 11:52 AM
26. Strive to be a community that works together for the greater good of all not just a small select few. We need to stick together to thrive especially in times like we are in. Count on each other to look out for each other rather than cross the street when you see your neighbor coming to avoid a conversation. This is what is currently happen in our town. This is NOT the Malvern ice known my whole life. We need to get back to our roots.
    3/18/2021 11:44 AM
27. To become and even better community for families
    3/13/2021 10:03 AM
    3/13/2021 10:02 AM
29. Maintain housing density. Don't add more!!
    3/13/2021 9:45 AM
30. To become and even better community for families
    3/13/2021 9:34 AM
31. Create a community of involved residents who know each other, and take pride in their community.
    3/13/2021 9:14 AM
32. Offer more buisness and restaurants
    3/12/2021 10:02 PM
33. be a family friendly, safe, pleasant place to live.
    3/12/2021 9:59 PM
34. Maintain its small town atmosphere
    3/12/2021 9:28 PM
35. retain charm and walkability and think creatively and plan 25 years out
    3/12/2021 3:14 PM
36. be a place people are proud to call home, and also put in some disc golf baskets
    3/12/2021 2:52 PM
37. Be a diverse, inclusive community that offers affordable housing opportunities and a wealth of recreational and commercial outlets for its residents and visitors.
    3/12/2021 7:31 AM
38. Increase the value of the homes in Malvern borough by creating the best mix of home gentrifications, king street shops/restaurants, community events, parks and open space/walking trails, and investing in schools
    3/12/2021 12:09 AM
39. A quiet community but not a commuter community
    3/11/2021 10:27 PM
40. Remain family friendly.
    3/11/2021 10:12 PM
86 Have more restaurants
87 Have more restaurants, better preservation of historical buildings and areas, provide effective and safe fire services
88 Continue to be affordable for hourly wage workers with a vital downtown district that is pedestrian and bicycle friendly
89 Create a more viable restaurant corridor on King with outside dining.
90 Get better retail stores
91 Move into the future while maintaining its charm and small town atmosphere.
92 Attract more restaurants
93 Develop outdoor resources for people of all ages.
94 Back to its farming roots and get rid of overdevelopment which is killing the environment
95 Be a friendly family town center.
96 increase its sustainability and resiliency through local energy generation, affordable housing, and local food systems.
97 ...maintain the amount of open and undeveloped space in the borough, not overcrowd.
98 Continue to revitalize King St with restaurants/bars/stores. Maintain the parks and open spaces.
99 Curb development.
100 A community in the true sense of the word where neighbors can park their car for the weekend and leave it until Monday because they have their needs for nature, recreation and dining met here.
101 maintain established business in the industrial park.
102 We've only been here 3 months, so I can't speak to this -
103 Continue planning parks and open space.
104 be a good place for growing families based on safety, parks, activities, walkability, etc.
105 keep its small town charm
106 Welcome it's younger citizens outside to play and exercise without being kicked out of parks and woods for no good reason.
107 Friendly to all people
108 Retain its heritage, while evolving into a modern, family friendly, community with a mixture of residential and commercial zoning to encourage and build community and connection.
109 increase more shopping stores -used to have a variety of stores to walk to on a Saturday afternoon.
110 Listen to all residents concerns and make sure that as Malvern grows that all aspects can grow with it. For example, all the building is bringing in more and more people. However the parking and road structures are not accommodating to this growth
111 Maintain its traditions, affordability, safety, walkability, and friendly charm.
112 Be a place where all kinds of people can live.
113 Keep from increasing property taxes, making additions to parks and rec, we have plenty of space and activities youth as it stands.
114 I don't know how to answer this question. Way too vague/broad
115 Allow more businesses on king street
116 remember its roots, remember why people want to live here. It is a community not a town.

117 create a walkable, bikeable, and sustainable community vitalized with independent restaurants, shops, and other small businesses.
118 Strengthen the school district to support growing population and maintain high standards
119 Be even more pedestrian-friendly.
120 retain its small-town charm and retain its green spaces
121 Maintain its community/small town reputation. I grew up in Lower Merion. Malvern reminds me of Narberth 30 years ago when I loved it most. We can do so much to maintain a thriving small town feel.
122 Same at it is now!! Don't need any progressive and woke things turning Malvern anymore Liberal!! Enough with all the Hate signs I don't hate anyone!!
123 Keep it's small town size and structures.
124 continue to revitalize the King Street corridor
125 Improve traffic conditions
126 Diverse with affordable housing for teachers, librarians, single income families so we need to maintain the neighborhood characteristics
127 Lower taxes of it's residents.
128 Connect the boro bike trails to the Chester Valley trail for families to enjoy.
129 Limit multi until and multi story dwellings.
130 Become a stronger community. Working together to make the Borough a great place to live and visit.
131 Build a more robust shopping/restaurant experience on King st, find creative solutions to enable more parking at the train station
132 Maintain the downtown charm of Malvern and the community by "recycling" existing spaces to move forward with future growth and progress.
133 Be more vibrant. Don't make everything about old times. (Eg add murals. )
134 return to times that embrace the common good rather than the cancel culture.
135 Take care of all residents.
136 Retain charming atmosphere. Remain safe for the residents.
137 Remain the quaint community from the past.
138 Limit further building.
139 Maintain character and charm, while encouraging business growth
140 Be a family friendly, safe community with well thought out zoning regulations
141 Remove tractor trailer traffic and connect to Chester valley trail
142 Retain restaurants
143 ensure we're as inclusive as possible, including racial/ethnic, LGBTQ, people with different abilities, etc.
144 Retain its small town character & original buildings
145 Continue being a welcoming community that aims to have a small town feel with activities and businesses
146 Stay small as is.
147 Not put in a pump park
148 Quite and charming setting
149 be a family town close to businesses
3/4/2021 2:29 PM

150 ...be a wonderful community for all ages, that opens it arms to new residents, visitors and businesses and personally after living in Wayne, have that type of vibrant Main Street packed with shops and restaurants like similar to N'Wayne Ave
3/4/2021 1:30 PM

151 Cultivate its present character. Too much commercial and residential expansion will inevitably lead to a degrading of that character. The borough is already too crowded with traffic and overflowing, choked parking on streets and in lots. Having lived on King street for 34 years I have experienced this vast increase in traffic; particularly commuters and commercial. This has led to a considerable diminution of what was once a wonderful living experience in the borough. A continuation of residential and commercial expansion will only lessen pleasurable livability within the borough.
3/4/2021 1:19 PM

152 Save it's small town charm.
3/4/2021 1:17 PM

153 limit the amount of development to keep the small town feel; limit housing development to reduce population density
3/4/2021 1:10 PM

154 green energy.
3/4/2021 11:28 AM

155 continue making Malvern a safe, family-friendly small town with interesting boutique shops, stores and restaurants with sidewalk/outside eating
3/4/2021 9:48 AM

156 maintain a small town feel.
3/4/2021 9:12 AM

157 Keep taxes low.
3/4/2021 8:38 AM

158 Have a music venue and add character
3/3/2021 9:47 PM

159 Address traffic
3/3/2021 9:22 PM

160 Distinguish itself as a community that has realized its full potential by focusing on the prime real estate of the king street corridor and has upgraded the look and feel of this street to have a more cohesive and welcoming feel and attract new businesses
3/3/2021 9:14 PM

161 Become a more walkable and green community.
3/3/2021 7:04 PM

162 Have more community events
3/3/2021 6:35 PM

163 Have minimal governmental intrusion on the lives of its citizens.
3/3/2021 5:28 PM

164 Keep small but interesting
3/3/2021 5:18 PM

165 Continue with the way it has been going .
3/3/2021 4:54 PM

166 Can't think of anything right now.
3/3/2021 4:51 PM

167 In the future Malvern should be preserved how it is now.
3/3/2021 4:42 PM

168 Safer community
3/3/2021 4:17 PM

169 Build a park at king and bridge
3/3/2021 4:03 PM

170 Retain its quaintness
3/3/2021 3:40 PM

171 Create more community activities (ie concerts, Christmas)
3/3/2021 3:38 PM

172 Improve the walkability by removing overhanging and encroaching vegetation. A walking community will support its businesses.
3/3/2021 3:25 PM

173 keep roads and properties clean, keep safe, keep noise level low which is NOT achieved when trains blow their horns several times day and night.
3/3/2021 3:13 PM

174 Retain its character
3/3/2021 2:51 PM

175 maintain small town character
3/3/2021 2:24 PM

176 Be a welcoming community to all genres to include cultures, ages & varying socio economic status.
3/3/2021 2:21 PM

177 Stop development of high density residential buildings!
3/3/2021 1:48 PM

178 listen to its citizens
3/3/2021 1:40 PM

179 Remains family and community focused.
3/3/2021 12:07 PM

180 Become a destination for arts, dining and shopping
3/3/2021 12:02 PM

181 Connect the surrounding townships/ communities safely via sidewalks and bike paths
3/2/2021 9:21 PM

182 be inclusive of all people.
3/1/2021 2:29 PM

183 Be the best small town in america.
2/28/2021 9:49 AM

184 Stay as it is. Stop gentrification.
2/27/2021 12:07 PM

185 Reduce new construction
2/27/2021 10:22 AM

186 maintain green space and affordability
2/26/2021 7:22 PM

187 Improve home owners property
2/26/2021 6:25 PM

188 Be more inclusive and accepting of new residents
2/26/2021 5:18 PM

189 Be more diverse
2/26/2021 4:13 PM

190 Be accessible other than by car.
2/26/2021 3:32 PM

191 A quaint downtown with walkable place to go and clean and safe
2/26/2021 2:30 PM

192 Make home owners salt the sidewalk in front of their house
2/26/2021 2:25 PM

193 Expand small business and its walkability increasing its small town that it all vibe.
2/26/2021 1:39 PM

194 Retain its rustic friendly neighborhood feel.
2/26/2021 1:26 PM

195 Bucolic
2/26/2021 1:04 PM

196 maintain walkability and small town atmosphere.
2/25/2021 4:52 PM

197 Maintain parks/open space, support community events and its business district.
2/25/2021 3:21 PM

198 Be accepting of change
2/25/2021 1:48 PM

199 Promote a small town feel where the borough and king street are gathering places for the area residents
2/25/2021 12:40 PM

200 Provide an environment that attracts young parents to raise their children.
2/25/2021 12:34 PM

201 Limit development of multi unit residential buildings
2/25/2021 12:23 PM

202 Increase sidewalks in the borough, add speed pumps on certain streets as folks use woodland to cut to Warren
2/25/2021 11:48 AM

203 Limit building, there are enough houses, and work on beautifying the town by getting rid of ugly power lines.
2/25/2021 11:46 AM

204 Thrive as a loving, caring inclusive community that works together for the greater good of the future of our community. We can make changes and grow as a thriving town without stripping away the charm of the town and without causing a complete divide in the community by being sneaky about something like an enormous investment in a pump park that will only benefit a very small portion of our community.
2/25/2021 11:45 AM

205 Have MUCH more affordable housing. Prioritize green space anywhere that there isn't already building. Change zoning laws so there is very limited new development- reuse buildings instead of building new. Have more outdoor recreation opportunities for all ages - dog park, biking areas, maybe a community pool???!!!
2/25/2021 11:36 AM

206 Be more diverse and affordable.
2/25/2021 11:32 AM

207 Maintain the friendly small town feeling that drew me here twenty years ago.
2/25/2021 11:32 AM

208 Thrive
2/25/2021 11:28 AM

209 Be healthy, green clean and fun
2/25/2021 11:26 AM
210 In the future Malvern Borough should seek to provide accessible activities and programs for people in and out of the borough to share the wealth with those unable to fund activities themselves.

211 add bike lanes to increase the bikeability

212 Better fund Emergency Services

213 Continue to be a great place to live, with easy access to the business district and public transportation.

214 Welcoming

215 Maintain the small-town feel while encouraging community and places to gather

216 not overdevelop houses and apartments on open land. In too many places of fields and open grass in Malvern, houses and townhomes have been built. Not only does this take away the beautiful openness of land, but it also overpopulates our schools and our town.

217 remain accessible for all types of people, not just the wealthy and privileged.

218 Maintain a balance of affordable housing and green space.

219 Preserve the open spaces that we have

220 Eliminate apartment building plans like the eyesore on east king street.

221 serve families and offer local restaurants/attractions as alternatives to the city

222 Maintain its “small-town” vibe!

223 preserve green space, monitor new development to not detract from the small town feel, and encourage business development on King St. for more restaurants and bars (fewer thrift/secondhand stores and antiques stores - too many of them currently). Need more restaurants and bars.

224 should seek to integrate senior citizens into borough activities.

225 stop overdevelopment and keep the area traditionally beautiful.

226 Attract the creative, you people.

227 Protect green space and not allow building homes on small lots.

228 Increase business’ and parking along king street.

229 maintain its character of a small town. Check density growth to make sure that the people still feel like they are a neighborhood.

230 Restore the charm, affordability of housing and maintain its quiet existing recreational areas.

231 Attract more retail

232 Refurbish Randolph Woods with walking trails and directional signage.

233 become the “eco-friendliest community in PA”

234 Better biking opportunities and sidewalks

235 Bring the community together.

236 Continue to improve bike related offerings and the walkability of the Boro.

237 Not use every single green space for development! Parking is an issue already along Ruthland and Woodland. The more we cut down trees and develop every free inch the more trouble our wildlife has surviving, the more places water is forced to run and pool and the more citified we become. The charm of the Malvern Borough is its CHARM.

238 Become a walkable Main Street plaza, much like pheonixville or wayne.

239 be a friendly and safe place for the community

240 Be greener

Malvern Borough Survey

SurveyMonkey

241 Maintain historic character while growing a fun walkable sustainable town for families

242 Maintain a small town feel and stop building large apartment complexes and large buildings.

243 retain the small town feel of community involvement and friendliness.

244 maintain it’s ratio of homes/businesses to nature and stay a walkable town

245 Have all the befts if a big town but with a small town feel

246 maintain its small-town feel with unique neighborhood architecture surrounded by a greenbelt. Malvern should be distinguishable from the surrounding suburban sprawl and should offer a range of residential choices to be more inclusive.

247 improve existing residential areas.

248 avoid high density housing and preserve green space.

249 have a completed project on King Street across from the Bridge. That is one of the main entrances into the Borough and this has been sitting there for a very long time. It is way past time to get that done.

250 Provide affordable home ownership opportunities

251 Not be over crowded: keep it quaint and safe.

252 Add a trolley system similar to Bethesda Md downtown. Cut down on through traffic and add more visibility to those commercial properties on King st.

253 Stay supportive and friendly.

254 Add additional restaurants and shops

255 Have king st look more professional

256 attract more young professionals

257 Add more restaurants/bars to king street

258 Limit the size of housing in the borough. Some of the new construction is too large and looks out of place.

259 Not supersize and overdevelop. Embrace the history and historic resources

260 have a more vibrant downtown

261 retain its historic charm and character while continuing to move forward in growth that meets the ever changing needs of the community.

262 Keep as many of the older homes and buildings

263 be an oasis for safe living and shopping, clean streets, maintained roads and safe environment.

264 preserve the past by incorporating it into a dynamic, green, family-oriented future

265 stay down to earth and affordable

266 Support retail

267 continue to be small town with a strong community

268 revitalize King street

269 be a green country town while recognizing that we are connected to the larger world

270 Promote an environment where we can live, work, and play. Maintain walkability.

271 Preserve and maintain its open spaces that we have

272 get the word out about the charm of our town.

273 Encourage economic development of King Street with mixed-use commercial real estate and
less restrictive zoning regulations while emphasizing the community with organized events, well maintained parks, roads and side walks. The Borough should encourage the redevelopment of legacy properties to appeal to the next generation of home owner interested in walkable live work, play communities with access to mass transit.

274 Prioritize vitality of king street
275 Stop building mega mansions so close to one another. It is taking away the character of the town
276 continue to be a friendly, family oriented, caring community.
277 Maintain sustainable growth in all areas reflected in question 11.
278 Be more culturally diverse.
279 Stay the same wonderful place it is now.
280 Keep it walkable - safe and it's charm
281 remain exactly as it is now with it's charm and character.
282 Keep open spaces; be multigenerational
283 remain a diverse community with a vibrant downtown.
284 resist overbuilding jut to expand tax base without regard to losing town character
285 Be more culturally diverse.
286 Maintain its character while expanding to accommodate more opportunities to live and work here.
287 Maintain walkability, preserve green space & forested areas
288 Ensure a vehicle brand and safe environment
289 Preserve affordable housing
290 Welcoming with community activities and a safe environment.
291 1) Increase number of street trees. Malvern has dramatically lost tree cover in last decade due to development, storm events and aging trees. 2) Malvern should protect wooded areas at the Malvern Retreat and Malvern Prep by designating these areas as open space on the Official Map and through conservation easements. Malvern should actively protect these areas to avoid new, dense housing and increased traffic.
292 Modernize the king street retail corridor - to do so won't come without density issues or height variances. Simply too expensive to build if you can't create value over cost
293 Maintain the character of a small town
294 Stay Malvern and not try to become a Wayne or west Chester.
295 welcome a bit more diversity.
296 Not allow mega-houses with tiny side yards, Limit electricity use (too many lights/floodlights at night) in mega houses.
297 Maintain its "small town" feel and not become as crowded with homes and businesses like Ardmore
298 increase the businesses on King Street- and be open after normal business hours- nights and weekends
299 maintain its small town charm, be wary of McMansions
300 Maintain and improve its quiet, green, pleasant, homelike small-town character.
301 stay the same, as much as possible
302 Continue to do as well as they have already!
303 remain as charming as it is now

Malvern Borough Survey
SurveyMonkey
112 113

Malvern Borough Survey
SurveyMonkey
304 promote sustainability and maintain its undeveloped spaces
305 Be friendly and accessible.
306 Not allow development at Malvern Retreat or Phelps School property
307 remain being Malvern; be a place for families that is safe and affordable.
308 Limit home footprints like the home on Powellton that takes up 66% of the lot. I don't want to become Avalon.
309 Stay small as is.
310 Make the little downtown a go-to destination for people in the surrounding areas because of safety, parks, dining, retail, and seasonal events.
311 Continue to foster the small town environment.
312 maintain an economically, socially, racially diverse population through maintaining affordability and walkability knitted together through community involvement and events
313 become more safe for people to walk and bike around town.
314 community/business oriented and a model for other towns in Chester County.
315 make positive but thoughtful growth
316 Stay as it is
317 Stay similar to how it is today
318 Active with a small town feel
319 Maintain its character while expanding to accommodate more opportunities to live and work here.
320 Keep the small town feel
321 Maintain it's charm & SAFETY!
322 expand and preserve open, green space. I strongly believe Malvern should limit new housing and commercial developments. While I understand that things like new restaurants, art spaces, galleries, cultural offerings can add vitality to a community, I am concerned when development seems to run rampant at the expense of the cultural life of a community. I would like to live in a town where there is a strong feeling of community and where residents celebrate the character, history and beauty of the area. If we continue to allow green space to be desecrated ( for ex., by the threat that the Malvern Retreat woods could be sold to a developer), we lose something essential to community life. Nature, beauty, green space is essential for wellbeing. Please consider the ramifications of overdevelopment.
323 Be bikeable
324 Keep taxes low while providing low crime, green practices, and open space.
325 Stay the way it is. No more development
326 Limit development and maintain character and green space.
327 Have more shops and restaurants in king
328 Regulate traffic. Find another way to get trucks into the industrial park; heavy Bridge Street is bad
329 Maintain its character lots of green space
330 enhance the downtown king street corridor as without the walkable/shopping/dining experience the town will suffer. No demand exists to expand the retail corridor infact it should be condensed.
331 be a safe community for families
332 Keep the small, historic town feel.
333 Allow biking in Randolph woods and paoli battlefield woods

75 / 156

76 / 156

112 113
Malvern Borough Survey

334 Connect to the CVT.
335 A healthy, vibrant community that encourages positive lifestyle choices like physical activity, connecting with others, and enjoying nature.
336 encourage community among the borough residents
337 Embrace diversity
338 Foster community activities that encourage people to meet/socialize with their neighbors.
339 Stop letting so many buildings being built, you are ruining the town.
340 Minimize development & amens zoning code for density & setbacks
341 be a vibrant, diverse, safe and clean community for all ages
342 be a welcoming, inclusive community for all people, be an environmentally sustainable community and maintain a small, thriving business community.
343 Not engage in any more building of multi resident housing!
344 Maintain a walkable, friendly community
345 Stay the course
346 Ensure that the family unit can access spots w/out the need for cars
347 Keep the Sam all town "feel" and minimize the signage that is beginning to clutter that feel.
348 Hold on to our small town charm.
349 Bring businesses to go back to a more quaint home town it has lost, 
350 Have affordable options for young adults to move into town/remain in the area
351 Limit the amount of new residential construction.
352 Retain it's charm and economic diversity
353 build more sidewalks, plant more trees
354 In the future, Malvern Borough should seek to add diversity in its shopping and food offerings. Become a more walkable, less driven area. Cater to the needs of the people, especially children.
355 Maximize the value it provides to taxpayers.
356 limit the number of homes being built.
357 More friendly to the folks that have lived here a long time and are the roots of Malvern Boro
358 remain small, limited traffic, no major housing projects
359 Continue to be a community with people that welcome the new ideas while respecting the and preserving much the old (buildings, outdoor spaces etc)
360 Not lose the charm of the town by putting in mini-mansions in the borough
361 Add parking
362 Attract more diverse commerce to the town center
363 Attract creative, young people to fill in their Main Street. The future of small towns rests in attractive young generations.
364 Be a vital town, not congested, sense of community
365 Keep the quaintness but add business to support one another.
366 Be a friendly, community-based town that does not continue to become so busy that kids cannot safely play or that people can not safely walk in town.
367 Maintain its character.
368 Keep growing
369 Limit new house construction size and density
370 Keep the hometown feeling.
371 RESIST LARGE COMMERCIAL DEVELOPMENT
372 Preserve the charm and patriotism and history and maintain the farmers market and eateries!
373 Add more shops on king street
374 Maintain PECO infrastructure
375 Balance commercial entities w/ more open space and parks
376 Encourage diversity in businesses, schools, housing, and government.
377 Promote affordable home ownership.
378 maintain its small town charm, character and economic diversity
379 Thrive as a loving, caring inclusive community that works together for the greater good of the future of our community.
380 Not overly populate our area with businesses that fill our street parking with their cars not allowing parking in front of our homes
381 Move into the future while keeping that small town vibe
382 continue to be a sought after location for residing.
383 Be inclusive of all types of people in all economic situations and be progressively green environmentally.
384 Listen
385 continue to be a safe, walkable, people-focused town with green space to enjoy
386 develop the commercial district
387 grow responsibly yet maintain it's community feel
388 Create a diverse and inclusive town for residents of all socioeconomic and racial backgrounds
389 have more green space
390 Maintain small town feel, improve parking, add charming shops, no more banks.
391 Keep it's small town appeal
392 Keep its charm to whatever it can without ignoring that change is inevitable and with change comes some sacrifice to be viable into the future.
393 make it attractive for more businesses to be here
394 Be walking traffic friendly
395 improve social activities and public facilities like library and swimming pool
396 More community oriented.
397 Maintain that small town feel but add more small businesses and restaurants
398 Be a charming destination

Q13 Would you support the following on the King Street commercial corridor?

Answered: 569  Skipped: 2

- Taller buildings
- Wider buildings
- Wider sidewalks
- Creative/alternative parking
- Drive-through restaurants
- Residential-only buildings

Support | Oppose | Not Sure
### Taller buildings

- **Support:** 88 (15.52%)
- **Oppose:** 394 (69.49%)
- **Not Sure:** 85 (14.99%)
- **Total:** 567
- **Weighted Average:** 3.01

### Wider buildings

- **Support:** 155 (27.73%)
- **Oppose:** 204 (36.49%)
- **Not Sure:** 200 (35.78%)
- **Total:** 559
- **Weighted Average:** 2.92

### Wider sidewalks and/or bike lanes

- **Support:** 403 (71.20%)
- **Oppose:** 85 (15.02%)
- **Not Sure:** 78 (13.78%)
- **Total:** 566
- **Weighted Average:** 3.57

### Creative/alternative parking solutions

- **Support:** 434 (76.81%)
- **Oppose:** 25 (4.42%)
- **Not Sure:** 106 (18.76%)
- **Total:** 565
- **Weighted Average:** 3.58

### Drive-through restaurants or retail

- **Support:** 106 (18.73%)
- **Oppose:** 359 (63.43%)
- **Not Sure:** 101 (17.84%)
- **Total:** 566
- **Weighted Average:** 3.01

### Residential-only buildings with no commercial space

- **Support:** 133 (23.67%)
- **Oppose:** 205 (36.48%)
- **Not Sure:** 224 (39.86%)
- **Total:** 562
- **Weighted Average:** 2.84

</table>
| 3/6/2021 7:35 AM | My "Not Sure" answers above are really "It Depends."

**Other Options**

- Dog park please
- Community broadband
- Temporary housing and/or places of business
- Home-sharing
- Permanent room rentals
- Home-based businesses with on-site clients and/or employees
- Home-based businesses without on-site clients and/or employees
- Accessory dwelling structures on existing lots ("granny flats" / in-law units)
- Vacations rentals / AirBnB
- Permanent room rentals / home sharing
- Home-based businesses with on-site clients and/or employees
43 Pools - let's let people make backyards more fun and recreational. Ease the treatment of permeable area for this.

2/11/2021 12:36 PM

44 in the case of more tenancy/business on site there should only be approval with a parking solution to accommodate.

2/8/2021 11:03 AM

45 Support of small home-based businesses with few on-site clients or employees.

2/8/2021 10:38 AM

46 Support people's rights for the above as long as it doesn't encroach on other residences property.

2/6/2021 4:10 PM

47 Home based businesses should be subject to reasonable limitations (e.g. maybe no more than 3 EEs at any time?)

2/5/2021 10:16 AM

48 LESS REGULATION IS BETTER GOVERNMENT

2/4/2021 6:15 PM

49 Affordable flats for purchase to help students get on the path to homeownership.

2/4/2021 4:47 PM

50 The borough is to densely populated to allow for much of the options listed

2/4/2021 3:35 PM

51 creative use of home space as described above

2/4/2021 3:31 PM

Q15 Which of the following do you think are the most important for Malvern Borough to focus on? Select up to three.

Answered: 562 Skipped: 9

Total Respondents: 562

ANSWER CHOICES

RESPONSES

Ecological conservation (streams, wetlands, forests) 66.55% 374

Municipal carbon reduction (e.g., renewable energy in Borough-owned buildings) 25.98% 146

Preservation of historic sites and buildings 60.14% 338

Promoting sustainability on private property (e.g., shade trees, composting, renewable energy) 37.01% 208

Public access to open spaces and greenways 58.19% 327

Stormwater management 34.16% 192

Other (please specify) 14.23% 80

Total Respondents: 562

# OTHER (PLEASE SPECIFY) DATE

1 Business growth 4/2/2021 7:18 PM

2 Just wanted to note that preservation of historic sites and buildings is important, but can be achieved through private philanthropy/organizations or local NGOs/historical societies vs. Borough oversight. 3/31/2021 12:29 PM

3 Residential density 3/30/2021 2:47 PM

4 Zoning requirements. The recent approval of a sign on 202 was very disappointing, particularly as the revenue from the sign is far below what could have been returned to the borough. 3/29/2021 2:47 PM

</tr>
<tr>
<td>2</td>
<td>- A speed hump/bump is strongly recommended at the brick tunnel on North Warren Ave at the Malvern SEPA train station, as cars speed extremely fast on that stretch of road, making it dangerous for pedestrians leaving the train station and appropriately crossing at the crosswalk on North Warren Ave. - A calendar of events for Burke Park (or a more easily accessible/available one, if it already exists) so that community members and families can be aware of events in advance. - At Paoli Battlefield Historical Park, a paved path (or extension of the sidewalk along Monument Avenue) would greatly enhance the experience so that walkers on the paved half-circle can walk in a loop rather than turning around at the ends of the paved half-circle, confusing drivers/traffic on Monument Ave. - Much of the playground equipment in parks around Malvern are aged and could use a refresh (e.g., Theodore Rubin Memorial Park, Burke Park). - The King Street commercial corridor looks run-down when compared to other “Main Streets” on the Main Line (e.g., Bryn Mawr, Ardmore). - Too many empty storefronts on E King Street at Eastside Flats.</td>

18. the school of dance building should be repurposed, and the entire area close to the train station should be updated.

19. The open space entrance of Malvern at Bridge and King. Build a temporary park, plants, trees, something to make it look more welcoming. East Side Plats businesses – fill empty space by offering tax credits, etc to attract these businesses to set up in the Borough.

20. Randolph Woods needs serious cleaning of fallen trees.

21. Purchase lot (130 E King St) across from Bridge St and build a parking lot to support local businesses. Install “Welcome to Malvern” arch at entrance. First thing you’ll see coming over bridge.

22. Lot at King and Bridge street. Could be acommunity splash pad or a food truck picnic area.

23. Our buildings along King should be tastefully updated to reflect our past. Any of our original buildings that are structurally sound should be renovated to maintain their outward appearance. Curb appeal!!!

24. The lot at Bridge and King streets that is the gateway to our borough should be welcoming with a sign and an attractive building or pocket park.

25. A home on King street near the dry cleaners. It’s very run down with large bushes that take over the sidewalk. The small house that use to be a soap space in the basement. Now it’s nothing.

26. At a later date. When we can go out and about. Don’t you think.

27. The Library!

28. improve sidewalks on monument.

29. Malvern needs an ice cream shop.

30. Preserve old buildings with whatever creative use is necessary.

31. Some of the private homes should be better taken care of.

32. Update Rubin playground.

33. The brick house on King between the renovated apartments and Malvern flowers needs some TLC.

34. When it becomes necessary to replace the playground at Rubin Park, perhaps it can also be updated to be ADA accessible and include play areas for younger children/infants (lot lots).

35. Water accumulation and ice on the downtown sidewalks in front of the main shopping center have been a problem for years.

36. Comcast rental property should be developed with a small Malvern Village concept or single family housing. Think innovatively.

37. The basketball courts on first and Warren need a sidewalk so that people can get access to the ramp it might also be nice if a dog park was added to the Randolph woods area High quality Public water fountains might be a nice addition to parks and community spaces as well.

38. The big brick buildings on King should be torn down, they don’t belong here.

39. I would like to see a few more sidewalks added to town on streets where there are none (First Avenue from the Battlefield to Randolph Woods). This request is influenced from a winter spent walking in town during the pandemic.

40. The lot at king and bridge. What is happening? Can we make that a green space with some benches like rad or did on route 307?

41. I’m not exactly sure what this question means. I’m not sure how to distinguish this question regarding borough property and private property. There are several private residences in the bow that need updating but I find it hard to tell people what to do on their own property. So much of Eastside flats sitting empty looks horrible, but again that’s a private business so not sure with the borough reach is very. Concerned about that empty lot at the top of Bridge Street and what will become of it. I am just hoping residents are made aware of things before any approvals are given.
The open space on King Street, near Bridge.

The Sheffiel Furniture store could be repurposed with several retail/restaurant options to create a mini town center feel.

A community center would be wonderful. Perhaps the Baptist Church could be purchased and repurposed.

Empty lot at Bridge and King

I would love to see the borough purchase the lot across from bridge street bridge. It could be used for food trucks and beer gardens on street festival days, on the third Thursday business nights, in summer, etc. food truck rentals on that property could bring revenue to Malvern and more food options to the town.

I would like to be able to walk/bike from the borough to Uptown Worthington (Wegmans, I95 in Philadelphia and Penn Station in NYC.

The area behind the library needs a purpose. Would like to see that turned into skate park or a bike track

The house at the jct of old Lincoln Hwy and Bridge st (address is on Old Lincoln Hwy)

The house on Church Street corner is an eye soar. It looks like it is inhabitable.

The retail space in Eastside Flats should be filled. Any opportunity for the Borough to take on the test of time

The ones that are current eyesores are privately owned...not much can be done to change it.

The eye sore at the intersection of king and bridge should be turned into something either retail/dining or office space. Work with the Naylor family to make it happen

The lot at end of bridge in king street, sidewalks should be ADA compliment and a lot of property owners need a dog park.

I would like to see the sidewalk does not become obsolete or a dangerous spot!

The one with a million Trump signs STILL in the windows on Church st.

That weird Trump house is creeping me out. You know the one with a million Trump signs

Bring back the Transit Oriented Development on the North Side of the Train Tracks. Redevelop Pennsylvania Avenue

I want want any more buildings built.

The houses on King St. are junk yards. ugly!!!!!Trash and rats. I have have trash buildup on property!! Clean it up!

The open space on King Street near Bridge. This should not exist!!!

I think it's best to keep this as an open space for residents & guests who visit. Also, the properties at the bottom of Bridge & Old Lincoln Highway, especially the back property building, are dilapidated and questionable as to what exactly is going on there. I never see anyone going in or out of those properties.

Add a public bathroom in Monument/Memorial Park

I do not see any buildings in the Borough to be repurposed. Perhaps the Baptist Church Annex.

The retail space in Eastside Flats should be filled. Any opportunity for the Borough to take on some of that space for community activities?

The sidewalk does not become obsolete or a dangerous spot!

The ones that are current eyesores are privately owned...not much can be done to change it.

Some properties are run down. Not sure how to fix that! Trump house is horrible!

The empty lot at the intersection of King and Bridge.

I do not see any buildings in the Borough to be repurposed. Perhaps the Baptist Church Annex.

The lot at the bottom of Bridge Street on King is an eyesore and has the potential to grace our neighborhood by remediating it as an open space with boutique shoppes for our residents & guests who visit. Also, the properties at the bottom of Bridge & Old Lincoln Highway, especially the back property building, are dilapidated and questionable as to what exactly is going on there. I never see anyone going in or out of those properties.

Add a public bathroom in Monument/Memorial Park

The open space on King Street, near Bridge.

The eye sore at the intersection of king and bridge should be turned into something either retail/dining or office space. Work with the Naylor family to make it happen

The ones that are current eyesores are privately owned...not much can be done to change it.

it would be nice to have a community garden in the borough on empty lots that aren't being used.

Bring back the Transit Oriented Development on the North Side of the Train Tracks. Redevelop Pennsylvania Avenue

Some properties are run down. Not sure how to fix that! Trump house is horrible!

I see no change. I prefer Malvern how it is. I do not want the parks changed and I do not want any more buildings built.

Make a park at bridge and king st

The sidewalk is impassable in front of the house on the north side of King just east of Warren.

Speed bumps are ridiculous, do nothing for added safety and should be removed.

I would like to see the property where the oasis bar was located built on with elderly housing with elevators, off street parking, and easy access to the park. maybe using the alley for a foot path

Can't think of any.

Monument park to include a dog park

It would be nice to see the property at King and Bridge to go to good use.

The house on Church Street corner is an eye soar. It looks like it is inhabitable.

The house at the jct of Old Lincoln Hwy and Bridge St (address is on Old Lincoln Hwy)

Improve business structures [equipment outside] trash looking. Also, private homes... some have trash build up on property!! Clean it up!

No

So much of the green space is private property. It's not accessible to the general public. We need a dog park. We need sidewalks on king. all of it.

Empty building where Christopher's was located

The lot at the end of Bridge Street and King Street which is now just empty. It would make a great parking lot which the borough really needs.

The lot at the end of Bridge Street on King Street doesn't seem to ever be in a viable position for redevelopment as a commercial or residential structure. Perhaps a public green space is better suited there.

That was weird Trump house is creeping me out. You know the one with a million Trump signs

That weird Trump house is creeping me out. You know the one with a million Trump signs

That weird Trump house is creeping me out. You know the one with a million Trump signs

No 2/26/2021 5:18 PM

Can't think of any. 3/3/2021 2:21 PM

Lot at end of bridge in king street, sidewalks should be ADA compliment and a lot of streets there are no sidewalks

That vacant lot at the end of Bridge Street on King Street doesn't seem to ever be in a viable position for redevelopment as a commercial or residential structure. Perhaps a public green space is better suited there.

2 houses at intersection on bridge & old Lincoln highway - disrepair and an eyesore - needs major updates

Lot at the end of Bridge Street and King Street which is now just empty. It would make a great parking lot which the borough really needs.

Lot at end of Bridge in King Street 3/7/2021 11:21 AM

Lot at end of Bridge in King Street 3/7/2021 11:10 AM

Lot at end of Bridge in King Street 3/7/2021 11:02 AM

Lot at end of Bridge in King Street 3/7/2021 5:32 PM

Lot at end of Bridge in King Street 3/7/2021 5:32 PM
120 If there are any in the area, I would love to see more historical sites highlighted. Also, there is a house on the corner of E 1st Ave and Church (I think) that looks like it should be classified as condemned or at least looked at from a safety perspective. I would also like to see walkway on King St extended down to Lancaster Ave.

121 The empty field across from the flying pig next to Vince's garage should be used for something. It often looks a bit dirty and just abandoned.

122 Lot in front of bridge st and king and bottom of bridge st at stop light.

123 Property at the Bottom of the bridge - cleaned up Grounds near the Park by villa - cleaned up.

124 Empty lot at the bottom of bridge and king street needs a purpose so it isn't an eye sore as you come into the borough. Add recreational spaces for biking on trails.

125 I feel the library should expand and become a cultural center like Easton and Berwyn.

126 Theском location possible after their lease is up. No one is ever even there.

127 I would love to see the area on Rutherford closest to Randolph Woods (on the west and east side of the utility buildings but well before the pump house) be used in a more productive way. Dog park? Add actual bathrooms to Monument park and maybe near the gazebo in the center of town? Update bball courts on Old Lincoln Hwy?

128 the area across from the flying pig needs to be addressed. It is just an unkempt open space. It looks like something you would see in a neglected part of Phila. Would like to see it be put up on King covering the area until something is built there. or turn it into a park/green area. It is an eye sore and has been for well over 3 years.

129 Yes across from flying pig. Build a bunch of shops please

130 Nothing specific comes to mind, generally I think keeping some of the charm of malvern is important as a long term resident.

131 Old Lincoln Hwy un-even pavement to be fixed.

132 Some buildings could use some updating. I like the character of older buildings but they have to be maintained.

133 The open area at the intersection of Bridge and King could be utilized in a fantastic way

134 Handicap ramps throughout borough, repaving of streets.

135 I would love to see a dog park where Malvern residents can bring their dogs to run and play together in a fenced in area. Maybe near Randolph Woods or Malvern Memorial Park, or any other open area in the Boro.

136 Find a use for the empty lot on King street across from the Flying Pig bar

137 Please no more "pooh", overpriced, and ugly apartment buildings.

138 There a lot of homes in disrepair. Perhaps these belong to seniors who may be at risk? The borough should look into and offer assistance to this cause if needed.

139 Mess/hell hole at the bottom of Bridge St. - open area and the 2 dilapidated houses. Also, the open area at the top of Bridge across from the Flying Pig. Both eye sores that don't scream "welcome to Malvern."

140 Open spaces along king street.

141 Tear down Eastside Flats and ban Rennihan from building ugly unaffordable McMansions!

142 The empty lot (eyesore) on King Street . Across from Bridge Street.

143 Updating Burke Park would be awesome!

144 More activities in parks, so many kids,need safe places for biking. Skatetpark would be great.

145 fill the empty store fronts

146 Something on the vacant land across from the flying pig saloon.

147 The Lot on king across from bridge street.

148 Train station

149 no

150 I like the focus on updating and re-purposing vs. new construction, but there is nothing that I can specifically think of. I think many of the house re-models I've seen have been tastefully done, as well as some of the new houses. Other new houses seem a bit much for such small lots. I'm also not a fan of seeing 3 houses going up on a single tear-down lot. There seems to be a lot of open commercial space on King street, but that might just be the highly visible space below east side flats.

151 Unsightly house in disrepair next to Augustine-Schwartz Kitchen & Bath on King Street.

152 The empty lot on king street should be a park. Houses that need updating should be fined or supported to clean up

153 I would love to see residential units added above the Malvern Shopping Center. Making multi-level units would balance the development on the west side of town. We would need to be creative with parking, but the proximity to the train station could mean there would be less vehicle ownership. It has been very sad to see some of our most historic buildings neglected until there was no choice but to raze them. I would like to see greater protection of historic buildings that are worth saving. That being said, just because something is old, it may not be worth much if it will not be restored. There have been great efforts made to save some buildings that, in my opinion, do not add to the charm of the town. I would also like to see the area leading to Randolph Woods made more attractive. The maintenance sheds and cable buildings detract from the vista offered by the woods.

154 Would like to see new restaurant move into the former Christopher's space and something nice built in the vacant eyesore lot on King street across from Sheffield's. Several buildings on King need renovation - need a standard for upscale. Prefer restaurants and retail over offices on King Street as that makes downtown more lively in the evenings.

155 Mentioned above across from the bridge on King.

156 Randolph Woods should be a mountain bike park with designated hiking trails

157 The empty space on King St as you intersect Bridge. Could be a great outdoor roller rink or ice skating rink. Something fun for families.

158 Entering Malvern from Bridge Street. Vacant lot...an attractively landscaped park with benches to enjoy while shopping ...not a playground. Also where existing basketball court is/center of Bridge St. and Old Lancaster.

159 The empty lot on King across from Bridge Street needs something on it. A bookstore, hardware store, and record store in my opinion.

160 The sidewalks on King and Monument don't all have ramps at intersections which makes walking with a stroller hard

161 I'm very disturbed by this question. Other than by ordinance, the Borough cannot tell a property owner what to do with their property. In general terms, I would be supportive of ordinances that allowed previous homes along King Street to become residences again, rather than sitting empty waiting for a business that could possibly use them. Personally, I am all for HELPING a property owner to update their historic property (finding grants, money, etc) and ordinances that would support out-of-the-box ideas for uses. I would also love to see ordinances that support specific building materials and style (the "look" of the building) for anything new being built.

162 the lot across from the Flying Pig needs to be developed. Borough council should have worked with the owner/developer on latest proposal. very short sighted to let that not happen.

163 The lot on the firehouse access road should remain a natural wooded environment.

164 Activities for teens

165 Randolph ave. should be a one way street: it is dangerous as a two way: at times it is very crowded.

166 Some of the twin homes should be on King street. They look in very poor condition.

167 Plant more trees in the Borough rights of way. Too many have been lost and not replaced.
168 I believe the borough should take a second look at the parcel at the Bridge St. King St. intersection and make it a top priority to approve a building there. This vacant lot is a continued reminder of how unprogressive we are. The US post office building is in need of a facelift for sure, but I realize its not public property. The Burke Park gazebo is showing signs of aging and wear.

2/15/2021 11:59 AM

169 Something done with the eyesore when you come to the Bridge Street and King Street intersection. Maybe just a sign that says welcome to Malvern.

2/15/2021 10:36 AM

170 I would advise doing something at the King/Bridge street intersection 1st and then go from there.

2/14/2021 1:04 PM

171 The Light Industrial districts north of the tracks should allow and encourage some large multi-family structures with economically diverse rents and maximizing non-private car use. We could grant a developer trying to accomplish these goals zoning concessions re: more intensive land use.

2/14/2021 11:53 AM

172 Public park in lot at bridge St and king st intersection.

2/14/2021 11:35 AM

173 empty space opposite the flying pig. used to be a huge mess - better now but it is not clear what this is supposed to be.

2/13/2021 4:09 PM

174 On Old Lincoln down to Wegman and Target there should be a Bike/fitness/Walking trail, the Borough should work with the neighboring Townships to make this happen. A bridge over route 30 or realactivation of an old tunnel. The connection to the Chester Valley bike trail and Wegman is the #1 Complaint from our 4 boys.

2/13/2021 12:49 PM

175 Enhance sidewalks on Monument Ave. - widen and bulb outs; continue efforts to encourage owners of Englund's shopping center to re-align and eliminate 1/2 of curb cuts

2/13/2021 9:00 AM

176 King and Bridge Street lot would make a perfect public space for shoppers and commercial employees/clients. Also, preserving the Malvern Retreat for environmental reasons and because it is such a beautiful, one of a kind asset abutting our village. Having witnessed the horrors of such properties being bought and overdeveloped in Newtown Square, I would not wish that on our charming town.

2/12/2021 5:36 PM

177 Modern library focused on computer labs and co-working/co-study space with work casual atmosphere.

2/12/2021 1:16 PM

178 Parks could stand to be freshened up

2/12/2021 7:27 AM

179 Lights at monument, playground updates, sidewalks in first Ave.

2/11/2021 10:21 PM

180 I think that they overhead wires are an eye sore and take away from the feel of the borough. Underground wires would enhance the visual appeal of the town.

2/11/2021 1:10 PM

181 Assuming the Borough can only update Borough property or facilities and not create disputes with private property owners, seems that the Borough is doing fine.

2/11/2021 12:51 PM

182 The empty lot just over bridge street needs to be developed. It should be something welcoming and representative of the town.

2/11/2021 12:36 PM

183 Empty lot across from basketball court on Old Lincoln

2/11/2021 11:24 AM

184 Please add BIKE LINES through out the Borough. Would like to see bathroom with plumbing

2/10/2021 6:32 PM

185 The furniture store, vacant lot on king

2/10/2021 6:32 PM

186 Washington Ave Church retreat property should be first on our list. the Arch Diocese is selling the property on King, across from bridge street, this has the potential to be a very welcoming atmosphere.

2/10/2021 6:32 PM

187 It's goofy but the white paint at all intersections is extremely slippery for pedestrians with even the slightest bit of moisture. The yellow paint on most speed bumps is not slippery at all. Is there a way to use non slippery white paint at the intersections?

2/9/2021 10:11 AM

188 Burke Park Pavilion. Update the stores-- more kid friendly , coffee house

2/8/2021 11:54 AM

189 1. The open lot across from the Flying Pig needs to be improved, best use would be residential atop retail with parking in the rear. 2. The Dance Studio on King should have a higher and

2/8/2021 11:03 AM

190 I'd like to see the currently vacant lot at King and Bridge turned into a park, with perhaps a small, low building occupying no more than half the area. Trees, grass, shrubs, benches, and perhaps a gazebo on the other half would help counteract the ill effects of the dreadful Eastside Flats.

2/8/2021 10:38 AM

191 the property on King, across from bridge street, this has the potential to be a very welcoming spot for visitors entering from bridge st. Please carefully consider what is built there.

2/8/2021 7:24 AM

192 No.

2/7/2021 7:02 PM

193 that hideous empty lot across from King. the owner is ridiculous at this point by keeping it that like all these years

2/7/2021 12:11 PM

194 We need to plan in advance to preserve the Malvern Retreat property. We have assumed it will always be there, in its woodland splendor. The reality is, however, that we need to plan now to do all we can to protect that space and preserve it from high-density development with oversized houses.

2/7/2021 10:46 AM

195 225 Church St

2/6/2021 3:27 PM

196 Allow developer to add non conforming building to lot adjacent to Flying Pig. Something is better than nothing as a gateway to our community.

2/6/2021 1:20 PM

197 Lot across from the Flying Pig

2/6/2021 1:01 PM

198 The empty lot on King (near Bridge Street) - an ideal spot for more parking, a multi-RETAIL business structure or affordable family restaurant - no art studio! We need to bring more business and foot traffic into Malvern!!!

2/6/2021 9:03 AM

199 None

2/5/2021 11:41 PM

200 Bottom of Bridge Street.

2/5/2021 8:43 PM

201 I understand that the lot at the foot of Bridge and King is for sale. I would love to see the Borough purchase the space and use it to create a green-space based small public park/gathering space.

2/5/2021 7:43 PM

2/5/2021 6:53 PM

203 Park at King and Bridge.

2/5/2021 6:43 PM

204 Multiple properties on King to add retail and dining and parking

2/5/2021 5:00 PM

205 The Warren Ave Church retreat property should be first on our list. The Arch Diocese is selling many assets to raise money and this might be able to be preserved with open space grants.

2/5/2021 4:53 PM

206 The empty lot across from Bridge Street! But it should not be taken over by a large residential + commercial building like Eastside Flats. Some small retail space, like an independent bookstore, or some community center with activities and green space.

2/5/2021 3:51 PM

207 Land across from the flying pig. Cafe with outdoor seating, garden.

2/5/2021 3:37 PM

208 Bike/skate park at monument park

2/5/2021 2:58 AM

209 Are you asking us to comment on privately-owned structures and have the borough enforce changes based on community input? That's a dangerous question. However, if you are asking about borough-owned structures, then there's already a plan to do something with [or at least look at] the pumping station at Randolph Woods. Also, the borough should think about what might/could happen to its road access from Wayne Ave to the Paoli Battlefield. That road (according to ChesCo Views) belongs to the house on the corner.

2/5/2021 2:50 PM

210 No ideas here.

2/5/2021 2:30 PM

211 Yes. The WalMa shopping plaza needs updating. The vacant lots on King need improvement.

2/5/2021 1:01 PM

212 Vacant lot on King across from the Flying Pig should be developed with parking in the rear.

2/5/2021 11:57 AM

Answered: 195  Skipped: 416

# RESPONSES DATE
1 I do not favor a pump track in Randolph Woods 3/31/2021 8:19 PM
2 Thank you for valuing the voice of Malvern Borough community members and for the opportunity to provide input and feedback. We were attracted to purchase a single family home in Malvern Borough and wish to see the Borough continue to thrive. 3/31/2021 12:29 PM
3 Would like to have a sidewalk on both sides of bridge street, from Sheffield side down, currently there is only one from the flying pig down the bridge 3/31/2021 10:22 AM
4 Please maintain the charm of Malvern. I would oppose widening of any of the streets (including King). I also oppose adding sidewalks beyond the main area of commerce, but believe the sidewalks that we have need repair and enforcement of repair. 3/30/2021 11:36 PM
5 I want to stress on the affordability of buying a home, hometown, etc for those with a low/moderate income. 3/30/2021 9:27 AM
6 I would love to see some sort of a functioning park at Randolph woods. It’s a great asset for the borough but there’s really zero to do there other than walk straight through. Also it would be great to get rid of the massive tv antenna there. A little bit of money isn’t worth the unknown consequences of living under a massive antenna. 3/29/2021 4:24 PM
7 If we’re going to add more residential homes, please focus on more affordable units rather than even more McMansions. Also, what to do about the deer and other wildlife that are being displaced? Lyme disease is a real concern as we have herds of up to 12 deer in our backyards. 3/29/2021 2:47 PM
8 No more new construction in Malvern, especially in the residential neighborhoods. Keep open space. 3/28/2021 5:54 PM
9 I believe stormwater management is a major issue here in the Borough and needs to be addressed before anymore construction is permitted. Too much water and no where for it to go. 3/26/2021 7:06 PM
10 The Borough should consider doing something that would discourage speeding on Old Lincoln Highway at the intersection of Broad Street near the Rubino Memorial Park. 3/26/2021 4:54 PM
11 As a resident i am disappointed with borough council and their resistance to allow for positive change to occur in the neighborhood. New zoning/building laws are a disgrace. 3/26/2021 2:28 PM
12 Hope Malvern will not change too much...we love it the way it is! 3/25/2021 8:57 AM
13 We love the borough 3/21/2021 1:57 PM
14 The "powers that be" do a fine job keeping up the character and condition of the Borough. Thank you very much for your work. 3/19/2021 11:35 AM
15 At a later time 3/18/2021 7:24 PM
16 I am strongly opposed to a bike park by the fire department. 3/18/2021 3:43 PM
17 WE are grateful to our Police and EMS 3/18/2021 3:41 PM
18 Generally I have been impressed with the quality of management in the Borough and the sensitivity to important issues to residents. 3/18/2021 3:15 PM
19 Anything that can be done to discourage thru traffic in the Borough and to reduce speed of traffic would instantly increase the quality of life for residents. Speed bumps and narrow road design are the engineering solutions to this problem. Curtis should be reconstructed to make elevated bicycle/scooter paths along the length of King from RT30 to Immaculata. The Borough is currently not tapped into the income stream of students who could easily commute without a vehicle and would be valuable renters/spendes in the Borough. Businesses are struggling to find enough demand so bringing more spending age population into the fold is the long term solution. Attractive rent to own opportunities for students specifically is the most sustainable plan for a low crime invigorated economy for our Borough. 3/18/2021 11:52 AM
20 There is limit to growth -- something gets lost -- and for Malvern this should be a major concern. Look hard at the real cost of development. 3/16/2021 11:24 PM
21 Some of the road surfaces are badly in need of repaving - the nuts on Crest Ave have caused me several turned ankles. Also, complete sidewalks on Crest Ave and Malvern Avenue would be very helpful to those accessing Memorial Park. Finally, snow plowing should be done to allow crossing streets without having to climb over plowed snow banks. 3/15/2021 12:12 PM
22 I oppose the Pump Park due to the poor location choice. Please reconsider the location. 3/15/2021 10:39 AM
23 I do not want builders taking advantage of malvern. I have seen too much of it already. Some building up is good, but certain builders have gone too far. Malvern is such a great town though, and I am proud to live in it. thanks for everything you guys did!!! 3/14/2021 8:14 PM
24 Thanks for reaching out and asking for opinions! And thanks for the publicity around the survey (mail, posting at the post office and on social media). 3/13/2021 11:01 AM
25 Our town needs more restaurants/bars for walkability. 3/13/2021 10:03 AM
26 PLEASE cut the battlefield regularly. It is a high use space and looks terrible now. It was never cut at the end of the season. Thanks! 3/13/2021 9:45 AM
27 I absolutely love living and working within the borough. I loved raising my kids here where they could walk/ride to the park, walk/ride to the library walk/ride to Waasa and walk/ride to friends' houses. My kids are now in their 20s and it's hard to keep them here. They are more drawn to Westchester and Manayunk. But I think it's the kind of place that they would come back to. I love knowing all of my neighbors and the community feel. I love seeing people out and walking downtown for ice cream or a drink at the Pig, dinner at Alba. I think a few more shops would help people come on a Saturday afternoon for shopping and lunch. The parks offer so much with little league, basketball leagues, tennis for people who want to join, playgrounds, even the kickball league was a ton of fun. Malvern Borough has a feel where people are invested in the community. 3/13/2021 9:14 AM
28 Remove unused, unnecessary wiring and misc. items from utility poles on King St. Put utilitie poles behind buildings or redo aerial utilities by placing them under ground. Build multi level parking on the north side of SEPTA station. 3/12/2021 4:40 PM
29 Very happy living in Malvern Borough 3/12/2021 3:51 PM
30 Halloween Parade should go back to marching down King Street. Keep a 75 year tradition and attract more people to the “King Street Corridor” 3/12/2021 3:14 PM
31 Disc Golf is the fastest growing sport and Malvern residents have to drive 20-30 minutes away just to play. It's a great family friendly activity that is exploding in popularity as we speak. This town would be perfect for a small course (Colin 444-444-0005 if you would like to discuss further) 3/12/2021 2:52 PM
32 People want to live in the Borough so they can walk to businesses and the train station. Priority should be placed on building good sidewalks and keeping the community walkable. 3/12/2021 7:31 AM
33 Instead of allowing for overbuild and tearing down our limited forests and greens, allow for gentrification of homes that are in disrepair. 3/12/2021 12:09 AM
34 Sidewalks into the borough would be amazing 3/11/2021 10:08 PM
35 Thank you for doing this survey. 3/11/2021 9:57 PM
36 Except for trail maintenance and erosion control, don’t touch Randolph Woods. We don’t need a bunch of “improvements” that will only require more taxpayer supported costs to maintain in the long run. 3/11/2021 9:41 PM
37 I thoroughly enjoy my move to the Eastside Flats after home ownership in Willistown and home sharing in East Whiteland. 3/11/2021 5:38 PM
38 Baseball fields and surrounding areas should be updated. More trees planted 3/11/2021 5:23 PM
39 Stop all new development and reverse the damage done, those new houses by the bridge are 3/11/2021 4:55 PM
I didn’t answer number 11 because I don’t know what specifically will help Malvern’s future.
3/10/2021 7:34 PM

I would like the borough to reduce the noise from commercial lawn mowing services, leaf blowers, etc.
3/7/2021 9:13 AM

We have lived here for just 8 months but have been community members due to our parish and school for 9 years. We love Malvern and moved because it’s where we wanted to be. I would love a dog park but am thrilled to have sidewalks and doggie bags available for walking my dogs. This is a wonderful place to live.
3/7/2021 9:13 AM

Would like to see more sidewalks and updates to existing sidewalks. Too many residents leave their trash outside all week. Causes an eyesore and debris when it is windy.
3/6/2021 12:22 PM

You are doing a great job of preserving the integrity of Malvern Borough and continuing to make it a friendly, comfortable and fun place to live. However, there are too many signs going up which take away from the sense of a small community.
3/6/2021 11:02 AM

Please maintain the building size in the borough, do not let McMansions squeeze out the smaller affordable housing.
3/6/2021 9:50 AM

A terrible trend in my opinion in certain areas of the borough is the proliferation of giant box-shaped houses on the smaller lots, that extend straight up from the building setback lines. These houses prevent light from passing between the buildings and block any snippet of view the surrounding area might have. On a positive note, I think the zoning or SOLO ordinance was recently changed to prevent this type of structure in the future. Also, as already mentioned, I find it impossible to say what is “most important” when so many things are important and everything is interconnected. I think the Borough needs to take a holistic approach to whatever they do.
3/6/2021 7:35 AM

Bring back the Victorian Christmas celebration, with King St. Closed to traffic, at night as it was previously, with indoor and outdoor events. It is currently a non-event that draws no one.
3/5/2021 6:06 PM

Progress is important, we just need to be creative on how we make progress and maintaining community charm together.
3/5/2021 3:46 PM

Walking/biking access to the Wegmans shopping area is important and overdue. 3/5/2021 1:42 PM

It’s a lovely town. Thank you for allowing the residents to have input, via this survey.
3/5/2021 11:11 AM

Think this is a great place to live because it is not overcrowded. Additional commercial residential properties and large developments could ruin the charm of the Borough and what attracts people here right now. Road infrastructure must be strongly considered if a large number of residential properties are being considered.
3/4/2021 6:55 PM

I love Malvern! Hate the junk yard.
3/4/2021 5:35 PM

I vote no on a bicycle pump park. I see this as a sad that the age group it is intended for will outgrow it. A dirt track will need a high level of maintenance. I see the T ball league Dads out at the ball fields pulling weeds and getting the fields ready to play on. Are the families that want to use it, Alternatives could be a site chosen along the CV bike trail, where there are a number of biking and parking locations along the trail.
3/4/2021 1:17 PM

This park prepared to do the care? I find the proposed costs, even with a grant prohibitive and the location too close to existing homes. When skateboarding became popular, the UMLY built a skate park. Ideally, hit’s where something like this project should be located and let them pay to use it. Alternatives could be a site chosen along the CV bike trail, where there are a number of biking and parking locations along the trail.
3/4/2021 8:38 AM

Need sidewalk up Old Lincoln from Borough line to Bridge Street
3/3/2021 9:47 PM

Malvern borough is a great place, it has so much potential and with some fresh thinking and momentum it can realize this potential
3/3/2021 9:14 PM

More sidewalks, better snow plowing on Miner St & Valley View. Make it mandatory for cars to be removed from the street so plow trucks can get by & make it illegal to park in front of driveways.
3/3/2021 7:22 PM

Government in Malvern leaves a lot to be desired. I see lots of waste. Those crossing lights on King Street, Large dollar park proposals during a pandemic while businesses are closing their doors. The ship is sinking and the borough govt is rearranging the deck chairs!
3/3/2021 5:28 PM

Stop Saint Patrick’s from destroying anymore historic resources and expansion.
3/3/2021 4:54 PM

I have lived in Malvern for 33 years and it is a great town. I don’t want to live anywhere else. I have seen many changes in those 33 years and the town has made great improvements. Thank you
3/3/2021 4:51 PM

Keep Malvern preserved!
3/3/2021 4:42 PM

Need parking for businesses!
3/3/2021 4:17 PM

The layout of the gas station needs to change. Cars getting fuel are parked on the sidewalk and the sidewalk is never cleared of snow.
3/3/2021 3:25 PM

As mentioned above, trains blowing their horn day and night is very upsetting/jarring and severely diminishes quality of life. Talks should be arranged between those on the Malvern Borough board and SEPTA and AMTRAK in order to come to a solution to bring peace to center Malvern in the area of the Malvern train station.
3/3/2021 3:13 PM

Please keep working on the budget to keep spending under control and making sure the borough maintains its homey and welcoming atmosphere. My great-grandparents lived on Miner St, my grand-parents lived on Broad St. my family has so much history here I would like to see it continue to be for working class families and affordable for everyone. However, I feel the current climate is detrimental to young families to move here. I know we need the tax base needs to be maintained.
3/3/2021 2:59 PM

bureau council needs to be more transparent with the public when they meet with developers; borough should cite properties that are hazardous (i.e., sidewalks and buildings that need repair).
3/3/2021 2:24 PM

I fell in love with the Malvern Borough when I was 16 years old. That is over 50 years ago! I always wanted to live on Monument Avenue and I do! I haven’t always agreed with the Borough Council. As I look at retirement I’m going to stay here —it’s a great place for location, convenience, charm & safety!
3/3/2021 2:21 PM

You should embrace new ways to reach people including text communication
3/3/2021 12:02 PM

I’d like to see unnecessary signage in front of rental homes, specifically those owned by Renthan, only be temporary signs for the period of time that a rental is available. They have a business location on King already and now they’ve put up permanent signs in front of 120 W King and 116 E King.
3/2/2021 9:21 PM

None
2/26/2021 5:18 PM

Reduce the needless street signs. Pay meticulous attention to zoning to make the most of the historic charm and safety of Malvern. Encourage (and make it worthwhile) for people to stroll the commercial corridor on King Street, supporting small, unique businesses, providing jobs and revenue for the town.
2/26/2021 4:12 PM

None
2/26/2021 2:30 PM
Living in the borough for safety I would love wider sidewalks. I would also love to see the zoning changed to disallow using single homes for multiple apartments - we have a few on Highland Avenue, and it was so much space has greatly changed the culture and community. I fear Malvern is susceptible to the same fate. Is there a goal as to how many homes we want in the borough? How many commercial spaces? Or is the goal to just keep growing and expanding indefinitely? I love it as it is that really necessary in the Borough. The cost appears to be prohibitive and the need is very questionable. Not to mention the effect it would have on the people living in the homes for that reason. Losing Christopher's was a big hit to the borough as it was a nice family restaurant with great outdoor dining/food area. Those residential areas have been empty since the arts were built in 2014/15. Probably because of the pricing.

Borough Council should be a little bit more respectful of the community and residents. There was so much negative feed back after the last couple of meetings. It’s becoming a very disagreeable place to call it. Very sad.

We love the Malvern Borough and the parks, recreational space especially the Battlefield and the park on monument. We would love to see the retail area at eastfliats town. Losing Christopher’s was a big hit to the borough as it was a nice family restaurant with great outdoor dining/food area. Those residential areas have been empty since the arts were built in 2014/15. Probably because of the pricing.

Malvern does not need any more residential buildings. Instead of building more, you need to take care of the current residents, many who have lived here for over 50 years. An of Highland Ave, Malvern Ave and Goshorn Drive gets flooded every time there is a heavy rain. You need to focus on this instead of building more sidewalks around town. Malvern used to be a charming, small town. It is getting ruined by all the building. East side flats should NEVER have been approved to be as high as it is. Repurpose buildings instead of building more. We don't need any more people in this town. King Street/Bridge Street is already a mess during rush hour, don't make it any worse.

I lived in Wayne about 20 years ago and the feel there is unfortunately much, much different there now in the name of progress. Traffic is insane, and the influx of people and commercial space has greatly changed the culture and community. I fear Malvern is susceptible to the same fate. Is there a goal as to how many residents we want in the borough? How many commercial spaces? Or is the goal to just keep growing and expanding indefinitely? I love it here and would gladly pay more in taxes if it meant less traffic, and only the re-purposing the industrial park can make the turns and take up the entire road in those areas. Need to improve parking to stay up with the future. There have been several meetings to discuss what's going to happen with the parking. I just want to make sure we can retain the existing businesses and draw new businesses to fill the vacant places in the borough.

I hate the look of vinyl siding and wish it could be banned. Our town would look so much nicer if the exterior of houses could be of natural materials: wood, brick, stone, etc. Not plastic.

Diversity in building. I like the old homes, buildings from different ages and would like to see different builders when new buildings are added.

stop the pump park behind Ruthland Ave. very inconsiderate of the residents there. also make Ruthland a one way street. it is dysfunctional as a two way.

We need to shut streets down in the summer one night and have dining under the stars.

Preserve the Malvern Retreat Forest which connects the BattleGround Forest to Randolph Woods. Protect our native flora and fauna--our future depends on it.

More support for the retail district! Like Phoenixville. Bring more events to town. As a retail owner I do not feel that you support us. We are a asset for attracting home owners to raise their families here.

The property at the east end of King St. that enters onto Rt 30 has long been sought after as a great place to advertise the borough. The MBPA erected a small sign there years ago, but the borough would be doing a large service to itself by working with the property owners to establish larger signage to direct people to the borough. Malvern borough does very little to actually help the business in town by attracting people to town. Many other municipalities and boroughs have a paid staff member to be the main street manager. This will be a crucial step after the pandemic passes to revitalize the district. Without help from the borough more businesses will fail, leaving untreated storefronts. This will in turn make the town a non destination. Which will in turn make properties less valuable due to other more desirable

Affordable home ownership is the long term solution to a nice community and reducing automobile traffic is the key to a better quality of life.

Please do not overbuild the downtown area and take care to ensure New buildings like restaurants are attractive in their design and appearance. The some what recent restaurant on King Street is very unsightly and way to large. I am concerned that if business fails who would like that building. Very inaccessible with all the stairs etc. I'm sure you've had other complaints I just want to make sure in the future buildings are vetted more carefully so that they blend into the neighborhood that we all take such pride in.

It would be great to see more speed cameras or other safety (sidewalks) measures installed. My children's bus stop is on Old Lincoln Hwy and Mr Laureen Ln and the amount of motorists that speed or try to pass bus is unacceptable and dangerous. Also when turning right onto Old Lincoln from the RT 30 people need a turn on red or a camera needs to be installed to curb reckless driving through a residential area.

Although for further development. This has become a desirable place to live and there are many people who are trying to halt that (despite thinking they are helping). These people will drive the growth away from the borough. This growth would only help the businesses on King Street. Continue to grow local businesses on King Street. This is what attracts so many people to the borough. The pandemic has hit these businesses so hard as well all know, so we need to do anything we can to retain the existing businesses and draw new businesses to fill the vacant places in the borough.

establish larger signage to direct people to the borough. Malvern borough does very little to actually help the business in town by attracting people to town. Many other municipalities and boroughs have a paid staff member to be the main street manager. This will be a crucial step after the pandemic passes to revitalize the district. Without help from the borough more businesses will fail, leaving untreated storefronts. This will in turn make the town a non destination. Which will in turn make properties less valuable due to other more desirable

A few on Highland Avenue, and it detracts from the value of our homes. It is that really necessary in the Borough. The cost appears to be prohibitive and the need is very questionable. Not to mention the effect it would have on the people living in the homes for that reason. Losing Christopher’s was a big hit to the borough as it was a nice family restaurant with great outdoor dining/food area.

Please do not overbuild the downtown area and take care to ensure New buildings like restaurants are attractive in their design and appearance. affordable home ownership is the long term solution to a nice community and reducing automobile traffic is the key to a better quality of life.

Maryland has the opportunity to do this now. In ten years, the opportunity may no longer exist. Malvern has the opportunity to do this now. In ten years, the opportunity may no longer exist. Malvern has the opportunity to do this now. In ten years, the opportunity may no longer exist.

We would love to see the retail area at eastfliats town. Losing Christopher’s was a big hit to the borough as it was a nice family restaurant with great outdoor dining/food area.
I am enjoying the addition of the sidewalk on Warren Ave to 2nd Ave. It makes walking to the Retreat House much easier and safer. I love walking around town.

The Borough needs to uniformly apply its laws, rules and requirements, not selectively apply them. 1. The town must find a way to conserve the Retreat Forest. 2. Downtown we have way too many bumpy street and utilized asphalt parking. Encourage more creative architecture in residential and businesses. 3. Borough-wide green education through multi generational fun events can improve climate outcomes as well as pull together a community wide effort.

With respect to question # 8 - Private networks, i.e. Facebook, should not be utilized by our government. 

The water management on Old Lincolns downhill to route 30 should be improved, the road is very bumpy and seems to have no appropriate water management installed. The truck traffic via Bridge street should get rerouted. The road down the hill from Warren Ave needs also improved water management.

With respect to question # 8 - Private networks, i.e. Facebook, should not be utilized by our government.

We moved in just before Eastside Flats were built. It still seems an oversized blot on the landscape, but more upsetting is the fact that so much of the commercial space remains empty as before the pandemic. Clearly such enterprises look enticing on paper but when it comes to the very high rental costs, small businesses just can’t afford to set up shop. City type edifices with large commercial spaces just don’t seem to mesh with the village ambiance and I would be sorry to see any such future projects approved.

Lived here for 18 months and love it. I see the potential for the Borough everyday. With walkability, safety, access to mass transit/major routes/highways and a commercial corridor (King Street) it has all the fundamentals to become the “it” place to live in Chester County but it needs a balance when it comes to young families and professionals. The development/growth of Collingswood, NJ is a great example of the direction the Borough should head in.

Take caution on shrinking lot sizes

I love living in the Borough and along with growth comes change however I believe it is important to protect the character & charm of our town. I believe a property owner has the right to develop their property according to the zoning that is in place and should seriously consider their actions when allowing variances that will change the character of the town.

I was attracted to Malvern for its walkability, access to public transportation and business district. I think that Malvern should commit to remain an affordable place to live that attracts a diverse community. The small town feel, community gatherings, and recreational opportunities make Malvern a special place to live. I have been a resident for over 15 years and overall enjoy the growth of the business district but am concerned about cost to live here. I like the socio-economic mix of residents and the ability for people to stay and raise families in this great community.

The Borough needs to uniformly apply its laws, rules and requirements, not selectively apply those laws and standards. There is too much of a hodge-podge of rule enforcement, overly violative to some degree, e.g New fences built in Public Right of way, enclosure of buildings and driveways into public alley ways, tractor trailer equipment parked on the same street unmove for over three years (and causing visible damage to the road due to its weight), and other violations that are disregarded for some but stringently enforced for others. Seems illegal at a minimal. Every property owner should be held to the same standards with consistent enforcement of code requirements. (And those comments are not intended as a ding toward our code enforcement officer she does her job well.)

Yards need to be cleaned up of old trucks and trash. Let’s clean up this town.

Stop adding things to make Malvern a destination we have enough visitors and enough to do.

You are asking lots of good questions here, but you did not ask opinions about current Borough Manager. Bayshore is reactive, not proactive. He’s on an annula contract. Don’t renew.

I am concerned with the possibility with the Malvern Retreat property being sold and made into a housing development or apartment complex which would cause us to loose beauty, habitat and add a lot of traffic congestion. I can only imagine what the Covid restrictions has done to the financial viability of the Retreat program. I’d like to see the Borough enter a “right of first refusal” agreement with the property. This would do two things, 1. allow the Borough and its residents the opportunity to shape future use, and, 2. give the Borough a chance to find ways to purchase and/or otherwise save this important habitat and beauty.

I don’t care about how large a home is, but it must maintain envelope restrictions. If not, we must start to look like the jersey shore where “my house is bigger than your house” starts and begins to erode our stormwater mgmt. infrastructure.

I love Malvern, grew up in the borough and now just over the border in Willistown. Thank you for taking care of our town.

We are proud to live in Malvern. Having worked our way from Andmore, through Haverford, St. Davids, Wayne, Radnor, Bensw...we are enjoying our home in Malvern (2 yrs now) and believe you are doing a fantastic job!

I love Malvern, grew up in the borough and now just over the border in Willistown. Thank you for taking care of our town.

We are proud to live in Malvern. Having worked our way from Andmore, through Haverford, St. Davids, Wayne, Radnor, Bensw...we are enjoying our home in Malvern (2 yrs now) and believe you are doing a fantastic job!

I think many people who choose to live in Malvern do so —this is certainly true for me— because of the small-town character of the town. I raised my family here and value the fact that when (we were old enough) they could walk a few blocks to the library, run errands for mom, play outside without concern. Now, traffic on my street has become frequent enough, and drivers are heedless of children at play, that these qualities are at risk. I see traffic management and overdevelopment as the biggest challenges we face.

I think that the small-town, peaceful, green, and old-fashioned character of Malvern is by far its most essential and attractive feature. I’m saddened to see that character being destroyed by ever-increasing density and urbanization. I also increasingly have the feeling that the police chief and the borough manager think of themselves as the rulers rather than the servants of the citizens.

I think that many people who choose to live in Malvern do so —this is certainly true for me— because of the small-town character of the town. I raised my family here and value the fact that when (we were old enough) they could walk a few blocks to the library, run errands for mom, play outside without concern. Now, traffic on my street has become frequent enough, and drivers are heedless of children at play, that these qualities are at risk. I see traffic management and overdevelopment as the biggest challenges we face.

I love Malvern & have lived here all my life! Besides a well maintained town, affordable taxes, great police/fire/administrative services/schools...we need to make our town more retail business oriented.
134 None
2/5/2021 11:41 PM

135 Preserve the malvern retreat house forest!
2/5/2021 6:26 PM

136 Keep the retreat house and Randolph Woods as green space undeveloped!
2/5/2021 5:00 PM

137 Great place to live and work but want to see it get better. Post Covid will take a toll on King St. business and we need to promote our king street district.
2/5/2021 4:53 PM

138 There should be a bit better enforcement of sidewalks. Some sidewalks are terribly maintained and people in wheelchairs cannot navigate them.
2/5/2021 3:51 PM

139 You asked about community facilities and recreation and then didn't follow up on that. It would be great if permanent restroom facilities were at Quann Park, Burke Park, Randolph Woods, and the Battlefield.
2/5/2021 3:13 PM

140 It's difficult to choose between "wider sidewalks" and "bike lanes" since our streets are limited in width; you can't have one of those two choices and the other too. That said, I think bike lanes might be the better choice since it would help make drivers more aware that there are bikers sharing the roads and make biking in Malvern safer.
2/5/2021 2:30 PM

141 Our borough is wonderful and could be much improved (improving our home values) with beautification and improvement to King St corridor. I would support some tax credits to encourage home and business owners to achieve these improvements.
2/5/2021 2:01 PM

142 WiFi hot spots (large group areas for HS - MS kids to congregate for school projects) Community areas for school age kids activities Improve the curb appeal of the eastern end of King Street The need to assist areas starts with members of the community & businesses.
2/5/2021 1:20 AM

143 In my opinion Eastside Flats was a poor choice, as a longtime resident many of my visitors are taken back with that building and the response is what a shame. We needed progress in this town but this building is to overwhelming for the town. We need retail to keep our residents money here in town.
2/5/2021 10:50 AM

144 Would like to see handicap/stroller accessible ramps at King Street and Monument Ave intersections with side streets where they do not currently exist.
2/5/2021 10:43 AM

145 Encourage owners to plant more native trees and shrubs and reduce lawns. Discourage use of lawn chemicals. Encourage creation of natural habitat areas throughout the Borough. There should be more birds! Lawns are BAD.
2/5/2021 10:26 AM

146 Continue to update the streets with storm drains, add sidewalks, street lights, improve the speed bumps like the ones on Central ave. in Paoli.
2/5/2021 7:59 AM

147 No pump track. Create a community garden or an outdoor gym.
2/4/2021 11:31 PM

148 Do not put a pump park by fire station. It is not a safe location.
2/4/2021 8:11 PM

149 I would be happy to donate the materials for a small "log cabin" at the Herzak property, if the Borough retained ownership and I could have a primary role in its design.
2/4/2021 7:53 PM

150 KEEP OUR LAWS AND ZONING IN THE BORO. DON'T CEDE IT TO THE COUNTY OR REGION. BECAUSE WE DIDN'T ELECT, KEEP OUR GOVERNMENT LOCAL WHERE WE ALL CAN HAVE A SAY IN IT.
2/4/2021 6:15 PM

151 Preserve this beautiful Borough where we feel safe and protected and close to Paoli Hospital and fabulous restaurants and shops beauty parlors and great Police and Firefighters and The Carnival in summer. Thank you for your thoughtfulness. Sincerely Carl and Carolyn Hoyler
2/4/2021 5:57 PM

152 Thank you for your commitment to helping to make Malvern the best it can be.
2/4/2021 4:09 PM

153 Keep malvern affordable and accessible
2/4/2021 3:48 PM

154 PLEASE PLEASE make it more attractive for local businesses. Thank god for the buttery, brick and brew KWP, alba, and the boutique shops. Rent is so expensive...it needs to be more affordable and attractive...so sad that Christophers closed...a HUGE loss.
2/4/2021 3:31 PM

155 No Pump Park for the borough. We need to focus on our current parks, facilities, property, buildings, streets, etc. The main concentration other than improving the infrastructure should be king street. This should be more like a mini downtown Phoenixville or West Chester. Instead, it look like a deserted town in the middle of the Arizona desert - sad looking. Focus

<tr>
<td>Malvern Borough aims to preserve its historic small-town character, protected natural lands, economic opportunity for local business, and equal access to housing, while welcoming and guiding growth to create a more diverse community.</td>
<td>9</td>
<td></td>
</tr>
<tr>
<td>Malvern Borough is a welcoming community that strives to celebrate our past and diversity as we work toward a sustainable future in which development complements our natural and environmental resources.</td>
<td>1</td>
<td></td>
</tr>
<tr>
<td>Malvern is unique: a small town with history, large green spaces, varied residential districts, a vibrant business downtown, and convenient access to nearby corporate, commercial, and rural areas. We will carefully manage growth to maintain and enhance these valuable community assets while welcoming diverse newcomers and strengthening our connections to the region and the world.</td>
<td>15</td>
<td>This is not happening now no matter what is said. King Street needs to be more user-friendly. New development is out of sync with the existing character of housing.</td>
</tr>
<tr>
<td>Other: I do not choose any of these statements. Comments: I don’t choose any of these because they all put too much emphasis on growth and development. I am happy to welcome a diverse population – one of the great things about Malvern is its friendliness- But I think keeping small houses allows for more access to housing. Knocking down small houses to replace them with pretentious large houses does not help encourage affordable housing.</td>

- Don't cover planter in Pump Track
- Nutfield is too congested (2)
- Better entrances to borough
- Speeds on traffic
- Signage about where to park at train station
- Water fountain in Memorial Park
- Access to Randolph Woods
- Repave Main St & Crest Ave
- Stream corridor/WWI runoff
Existing Land Use and Zoning Analysis

Existing Land Use:

Malvern Borough has a diverse mix of residential, commercial, industrial, institutional, recreational, and transit-oriented land uses. As shown on Map D1, Existing Land Uses, residential land uses comprise thirty-three percent of the Borough’s total land area, and include single-family homes on individual lots, duplexes and twins, multifamily dwellings such as townhouses and apartments, and mobile homes. Housing ranges from 100+ year old historic structures to new residential homes built within a tract subdivision or resulting from single-lot redevelopment. The lowest residential densities are generally found in the southern half of the Borough, while higher residential densities exist in the northern half.

Commercial land uses are concentrated in the northern half of the Borough, making up just over two percent of the Borough’s total land area. Retail and personal service shops, restaurants and cafes, professional offices, and a few auto-oriented businesses line both sides of King Street between Griffith Avenue to the west and Arlington Road to the east, and form the Malvern Borough Central Business Corridor. Warren Avenue is the largest intersecting street of this corridor, and the only signalized intersection on King Street. An older commercial shopping center with restaurants, shops, a quick-service food store, and off-street, surface parking is located on the north side of King Street. Lying just west of South Warren Avenue is the historic Malvern Train Station, owned and operated by SEPTA for regional rail and AMTRAK services. The Station’s adjoining park and ride lots straddle both sides of the tracks.

The East Side Flats mixed-use development lies primarily on the north side of East King Street, and serves as an eastward extension of the Borough’s central business district. It is the largest redevelopment to take place in the Borough in recent years, and consists of thirty luxury apartments on three levels with structured parking, two street level restaurants, and a limited amount of on- and off-street parking. This fairly intense development included King Street frontage, streetscape, and crosswalk improvements. Further to the east, but lying just outside of the Borough, is a Kimberton Whole Foods grocery store.

Industrial land uses are clustered in the northwest corner of the Borough on the north side of the SEPTA regional rail lines, and make up slightly more than three percent of the Borough’s total land area. This is the Malvern Business Park, a mix of light industrial and heavy commercial businesses, and institutional uses. Access within the park is from Pennsylvania Avenue and Quaker Lane; access to and from the park is from Spring Street and North Warren Avenue.

Several large institutional uses occupy a large share of the Borough’s southern half and include the Malvern Retreat Center on the east side of South Warren Avenue and the Malvern Preparatory School on the west side. These institutional uses, as well as several churches, a private school, the Borough library, and Borough municipal buildings comprise roughly twenty-seven percent of the Borough’s total land area. In addition, the Paoli Memorial Grounds and Battlefield Park are located just north of the Malvern Prep School property, and the relatively new Randolph Woods Park is located on the Borough’s eastern boundary. Just under nineteen percent of the Borough’s total land area is used for public parks, open space, and HOA lands.

Zoning Analysis:

As shown on Map D2, Zoning, forty-five percent of the Borough is zoned primarily for principal and accessory residential uses. This includes the R1, R2, R3, R4, R5, R6 and R7 Districts. Generally, the R1 and R2 Districts apply to the low to medium density residential areas of the Borough. The R1 District permits only single-family detached dwellings and has a one-acre minimum lot size that can accommodate on-lot water and sewer, while the R2 District permits both single-family detached and two-family dwellings, and has a 15,000 sq.ft. minimum lot size. The R3 and R4 Districts are used for the medium density residential areas of the Borough, with the R3a and R3b subdistricts distinguished by minimum lot size for single-family detached dwellings. The R3a subdistrict has a 12,000 sq.ft. minimum lot size for single-family detached dwellings, and a 10,000 sq.ft. minimum lot size for each unit in a twin or duplex. The R3b subdistrict only has a 10,000 sq.ft. minimum lot size, regardless of permitted dwelling type. The R4 District permits both single-family detached and two-family dwellings on lots of at least 7,000 sq.ft. in size. The R5, R6, and R7 Districts apply to the Borough’s higher-density residential areas. The R5 District permits single family detached and two-family dwellings on lots as small as 4,250 sq.ft., while both the R6 and R7 Districts permit a mix of single family detached and attached dwellings, and apartment complexes. A minimum lot size of 5,000 sq.ft. is required in these two districts for all types of dwellings except multi-family, which must have a lot size of at least 4,000 sq.ft. per unit.

As shown on Map D2, Zoning, three and a half percent of the Borough is zoned primarily for principal and accessory commercial uses. This includes the C1, C2, C3 and C4 Districts. The C1 Commercial District is intended for businesses oriented to vehicular or pedestrian traffic, and has a one acre minimum lot size requirement. The C2 Adaptive Re-Use Commercial District was established to provide for the conversion of residential buildings to commercial businesses, and requires a 4,000 sq.ft. minimum lot size. The C3 Town Center Commercial District applies to a portion of the Borough’s central business district, and provides for businesses oriented primarily to pedestrian traffic. This District’s required minimum lot size is 3,000 sq.ft. The C4 High Intensity Commercial District has several purposes, including accommodating large-scale and auto-oriented commercial uses, and supporting redevelopment on parcels outside of, but related to, the C3 Town Center Commercial District. Within the C4 District, multi-shop redevelopments have a one-acre minimum lot size requirement, while all other uses have a 4,000 sq.ft. minimum lot size requirement. All uses permitted in these four districts must meet the Olde Town Malvern Design Standards of the Borough’s Subdivision and Land Development Ordinance as well as access management standards included in the Zoning Ordinance.

A little over nine percent of the Borough is zoned industrial, as shown on Map D2, and almost evenly split between the LI and L1 Districts. These two districts are nearly identical in terms of permitted uses and area and bulk requirements. However, the L1 District permits mobile home
parks with conditional use approval while the LI District does not. Both districts have a one-acre minimum lot size requirement, and uses proposed within either district must comply with the Subdivision and Land Development Ordinance’s Olde Town Design Standards.

There are four Institutional Districts, I1, I2, I3, and I4, as shown on Map D2, and together these districts comprise nearly thirty percent of the Borough’s total land area. The I1 and I2 Districts, applying to two large institutional uses in the southern half of the Borough, make up twenty-seven percent of this total. Both the I1 and I2 Districts have been established to provide for planned campus developments, with a twenty-acre minimum lot size. The primary difference between these two districts is the residential cluster development option within the I2 District through conditional use approval. The I3 and I4 Districts apply to other institutional uses established on smaller lots in the northern half of the Borough.

The areas shown on Map D2 as POSC, or Public Open Space and Conservation District, apply to public parks, open space, and Homeowners Association (HOA) lands. This District is applied to roughly twelve percent of the total Borough land area.
Appendix G
Malvern Fair Housing Overview and Analysis
1. Introduction

In 1977, the Pennsylvania Supreme Court decided the landmark case, *Surrick v. Zoning Hearing Board of Upper Providence Borough* 776 Pa. 182, 382 A.2d 105. This case established an accepted methodology for determining whether a municipality is meeting its housing obligation or if it is excluding any housing types, particularly multi-family dwellings. While the case law following Surrick has provided some general guidelines, there are no clear standards for meeting fair share. In fact, even with the three-tier Surrick test, "the question of whether or not a zoning ordinance is exclusionary in its effect...always depends on the unique facts in each case and, thus, can only be decided on a case-by-case basis."

This high-level analysis addresses the three factors established by the Surrick Test to assesses whether Malvern Borough provides for a “fair share” of housing. The three tiers are:

A. Is the municipality a logical area for population growth and development? (i.e., is it in the path of growth?)
B. Is the municipality a developed or developing community?
C. Is the amount of land available for multi-family development disproportionately small, in relation to population growth pressure and present level of development?

2. Surrick Analysis

A. Is the Borough in the Logical Path of Growth?

The first trial of the Surrick test examines whether a community is a logical area for development and population growth and therefore “in the path of growth.” There are several factors to consider: the community’s past and projected population is a factor in the Tier 1 analysis. Another growth factor is the transportation network and accessibility to the Region and surrounding area.

Given the demographic information that the Malvern Borough Comprehensive Plan task force has already looked at and that is included below, it is a foregone conclusion that the Borough is indeed within “the path of growth”. This data includes population trends and projections at both the municipal and the County level.

---

B. What is the present level of development within the community (is the community “developing” or “developed”) and what proportion of land is already allocated to the particular land use?

The next tier of the Surrick analysis examines the present level of development within the Borough, including:
1) The percentage of remaining developable land, which essentially shows the degree to which the Borough is “built out.”
2) Existing and potential multi-family housing units and projected housing needs.
3) The amount of land available for multi-family development.

Again, based on the data and analysis already conducted for the Task Force, we know that:
1) Developable Land: The remaining developable land within the Borough stands at approximately 21.26 acres or 2.6% of the Borough (See Existing Land Use Map and Table, pages 4 & 5). Courts have held that, until a community is almost fully developed (i.e., 95% plus), it is still a developing community and, therefore, obligated to provide for its fair share of multi-family housing. The Borough would be considered fully built out.

2) Multi-family units: At 38%, multi-family units comprise the largest segment of the housing stock. (See Housing Stock Diversity, page 6)

3) Amount of land available for multi-family development: Of the 21.26 vacant acres in the Borough, 9.78 acres are residentially zoned and allow for upper floor apartment units.

3. Overall Summary

In regards to the three-pronged Surrick Test for providing a fair share of housing:

1. It can be concluded that Malvern Borough is within the path of growth, but with only 2.6% of its land available for development, it is considered "fully developed".
2. As is typical for many boroughs in Chester County, Malvern Borough boasts a diverse housing stock that can attract a wide variety of household types, including 589 multifamily units, or 38% of its total stock. This latter fact would mean that the Borough does not meet the Surrick Test threshold for having an obligation to provide for a fair share of housing.
3. Finally, Malvern’s zoning ordinance allows for the full range of dwelling types, even on the small amount of acreage remaining for development.

While only the courts can truly determine a community’s need to provide a fair share of housing, and there is no guarantee that the Borough has met its fair share. There are several factors that weigh in the Borough’s favor in this regard, including:

- the lack of available land for development;
- the proportion of existing units that are multi-family (38%); and
- the proportion of available land that could be developed as multifamily.

Therefore, in regard to the Surrick Test for Housing Fair Share, Malvern has an exceedingly low risk of a legal challenge. However, this determination is not a replacement for comprehensive and value-driven housing policy that address the needs of future Borough residents.

Nor should it be confused with the issue of housing affordability, which is a rising issue in the County and the Country, deserving consideration on its own merit.

Appendix I
Principles and standards for Design Guidelines in Pennsylvania Communities Profile
Principles and Standards for Design Guidelines in Pennsylvania Communities

Purpose of these Principles and Standards

Design guidelines are one of the tools that communities use to manage change to the built environment. In older and established communities, illustrated guidelines provide valuable guidance to property owners and decision-makers involved in the application of historic preservation ordinances, funding façade improvement programs, and providing advice on effective maintenance practices for older buildings. These Principles and Standards are intended to provide local governments, community organizations, and consultants with guidance on how to develop effective and useful design guidelines for older and historic communities in Pennsylvania.

Application of these Principles and Standards

The following principles and standards should be used by local governments, community organizations, consultants, and others to develop design guidelines for older and historic communities in Pennsylvania. These concepts are meant to apply to documents that are focused on districts and neighborhoods as well as on individual resources that may be scattered throughout a community.

These Principles and Standards will be applied by the PA SHPO in the following ways:

- **Certified Local Government (CLG) Program**
  Municipalities that participate in the CLG program are required to adopt and apply illustrated design guidelines when reviewing applications for certificates of appropriateness and other permits/approvals for locally designated historic properties. Design guidelines developed and adopted by CLGs, as well as all design guideline projects funded through the CLG grant program, must meet these Principles and Standards.

- **Keystone Historic Preservation Grant Program**
  Design guidelines developed with funding from the Keystone Historic Preservation Grant program must meet these Principles and Standards. Other agencies and partners may reference these Standards and Principles for purposes of their programs. Examples may include Keystone Communities funding and Main Street Accreditation.

- **Keystone Communities Façade Improvement Grant Program**
  Grantees seeking grant funding for façade improvement projects from the Pennsylvania Department of Community and Economic Development (DCED) should develop and implement design guidelines that meet these Principles and Standards. The adopted guidelines should be used to evaluate any work that proposes to use Keystone Communities funding.

- **Main Street Accreditation**
  Communities seeking accreditation from Main Street America or the Pennsylvania Downtown Center should develop and implement design guidelines that meet these Principles and Standards. Guidelines may be used for advisory or regulatory purposes but should help to demonstrate the community’s preservation ethic.

**Definition of Design Guidelines**

Design guidelines are written recommendations, approaches, and/or policies about repairs, improvements, and alterations to existing buildings, additions, new construction, site work, and other changes to the physical environment in a defined location. Guidelines typically include photographs, drawings, and other graphics to illustrate the architectural features, concepts and approaches described in the text.

**Principles and Standards for Design Guidelines in Pennsylvania Communities**

**Principles**

1. Design Guidelines reflect a community’s shared design ethic, management philosophy, and desired future conditions.
2. Design Guidelines are developed through a public process that involves residents, property owners, community stakeholders, and other interested parties.
3. Design Guidelines are educational in nature and help stakeholders understand their community’s history and built environment.
4. Design Guidelines encourage stewardship and sensitive treatment of a community’s identity and character.
5. Design Guidelines help decision-makers reach consistent and defensible decisions about design issues and proposed changes to individual properties and the broader community.
6. Design Guidelines are reviewed regularly and updated as necessary.

**Standards**

1. Design Guidelines should be specific to the type of community and built environment they are intended to address.
2. Design Guidelines should address the full scope of activities, projects, and issues that may be relevant to properties in the community.
3. Design Guidelines should be clear and concise, use specific, non-technical language, and be organized in a logical manner that is user-friendly and easy to reference.
4. Design Guidelines should prevent language that is rigid or prescriptive and allow for adaptation and design solutions that are responsive to and consistent with the community’s design ethic.
5. Design Guidelines should use a combination of text, photographs, and illustrations to effectively convey information.
6. Design Guidelines should help property owners understand what actions, activities, and choices are consistent with the community’s design ethic and management philosophy.
7. Design Guidelines should be attentive and responsive to building and zoning codes and other relevant policies.
8. Design Guidelines should be based upon commonly accepted preservation best practices, including the Secretary of the Interior’s Standards for the Treatment of Historic Properties.
Understanding the Purpose and Intent of Design Guidelines

Guidelines are different than regulations, ordinances, or zoning codes because they do not dictate specific requirements or solutions. Instead, guidelines are intended to provide guidance on how to evaluate options and make informed decisions about a variety of design issues, including materials and construction methods. A design guideline (e.g., “duplicate the dimensions, texture, finishes, installation methods, and where possible materials, of existing clapboard siding when repairing or replacing deteriorated material”) falls between a general standard (e.g., “Distinctive materials, features, finishes, and construction techniques or examples of craftsmanship that characterize a property will be preserved”) and a specification for implementing it (e.g., “clapboard siding must be made of mahogany, ½”, thick, 4” wide with 1” overlap between courses”). A design guideline is intended to help users understand how to implement a standard in a manner appropriate to the building, without prescribing a singular approach or solution for all projects.

Contrast this approach to zoning ordinances, which are implemented through regulatory codes that provide uniform requirements that all properties must adhere to. This type of black-and-white approach to managing changes to historic places typically does not work well because the goals are different and there may be a variety of ways to meet those goals. There is a need for different approaches because no two buildings in any community, despite similar age, use, design, or materials, have evolved in exactly the same ways over time. One may have experienced a change of use or been significantly altered. The other may retain more historic fabric but have deteriorated more than the first. The materials and approaches necessary to preserve character-defining features on these two building are different and require a degree of discretion and flexibility appropriate to the property in question. Amplify this situation across the dozens, or perhaps hundreds of buildings of varying ages and styles in most historic communities, and the challenges of developing prescriptive regulations for evaluating design and material choices become apparent.

The Different Users and Uses of Design Guidelines

Design guidelines serve different purposes in different communities, sometimes being used in multiple ways simultaneously. Guidelines are also used by different user groups in a given community, and each may have distinct needs or expectations about the structure, format, and phrasing of the document. When developing guidelines, it is important to understand the various ways that a community anticipates using the document as well as the demographics of the community, as these things will likely affect how the document should be organized, written, or illustrated.

Common uses for design guidelines:

- **Advisory** – In some communities, guidelines are used as a resource to help influence or convince property owners to make certain choices, but are not related to specific permitting, funding, or enforcement processes. In these situations, the guidelines contain best practices and articulate design concepts as a way of expressing a community’s goals. Property owners and design professionals are encouraged to consult these guidelines when determining how to approach a project but are not required to do so.

- **Funding** – Some communities offer funding for the repair or rehabilitation of historic properties or for new construction. Façade grant programs, in which local governments or non-profit organizations provide funding to support commercial storefront renovations or improvements (and occasionally residential façade or porch projects) are a common example of this type of program. Guidelines are used to determine whether the funded project is appropriate for the building or district and is consistent with the community’s design philosophy.

User Groups: The following groups are among the most common users of design guidelines:

- **Property Owners** – property owners may use design guidelines to help them understand their building and its history, select appropriate materials, or make design decisions. Owners may seek information for their own education, because they need approvals or permits, or as a condition of funding.

- **Contractors** – tradecrafters and other skilled professionals may use design guidelines to prepare estimates, scopes of work, or bid documents for clients, to increase their knowledge about historic buildings, to prepare for the design review process, or to comply with approval or permit requirements.

- **Design Professionals** – architects, engineers, and other design professionals may use design guidelines to help their clients comply with approvals or permits, secure funding, or to conform to the community’s design philosophy.

- **Real Estate Agents** – real estate professionals may use design guidelines to help their clients understand the programs, expectations, and requirements of owning an older or historic property.

- **Code Officials** – municipal staff who are responsible for reviewing projects and applying building and zoning codes may use design guidelines to evaluate whether project plans meet the necessary requirements for approval.

- **Historic Architectural Review Boards/Historical Commissions** – review boards and commissions that review projects under local historic preservation ordinances may use design guidelines to determine whether a project should be recommended for approval.

- **Planning Commissions** – planning agencies may use design guidelines to implement design-oriented aspects of zoning, subdivision, or other land use codes. Examples include zoning overlay zones, form-based zoning codes, conservation zoning, and traditional neighborhood developments.

- **Elected officials** – Governing bodies who may be required to approve projects under historic preservation or zoning ordinances may use design guidelines to determine if a project meets the requirements of the ordinance.

- **Community development/Main Street organizations** – organizations that manage commercial districts and other community development initiatives may use design guidelines to evaluate projects for grant funding or to advise property/business owners on appropriate design treatments with the goal of improving and enhancing the neighborhood’s appearance and character.
According to 2017’s Climate Science Special Report, “sixteen of the warmest years on record for the globe occurred in the last 17 years (1998 was the exception).” The historic scientific evidence clearly shows a change in climate for the Greater Philadelphia Region with a shift to concentrated extreme heat waves as well as heavy rain and snow events. While many might not consider climate change a “municipal issue,” municipalities bear the burden of needing to manage the impacts of flooding from heavy rainfall, clearing heavy snowfall, and dealing with extreme heat. Broadly, the Greater Philadelphia Region will see an increase in sea level, warmer conditions, more intense precipitation events, and longer periods of drought. It is difficult to respond to these slow, incremental changes in climate, but municipalities that plan considering future climate conditions will be better prepared to safely serve their community.

This report includes a high-level overview of the ways that Malvern Borough is already experiencing the impacts of climate change but is not a fully exhaustive report. This report intends to inform the Comprehensive Plan Update process by providing data points of historical conditions and modeled future conditions. These climate conditions should be considered for future planning of municipal actions. The Delaware Valley Regional Planning Commission (DVRPC) prepared a guide for municipalities entitled “Municipal Management in a Changing Climate” which advises that to prepare for climate change, municipalities need to adjust in the following ways:

- “Prepare municipal facilities for a changing climate, including both buildings and recreation facilities
- Maintain and upgrade stormwater systems to handle more intense rainfall
- Modify delivery of municipal services (e.g., refuse collection times) appropriately
- Assure employee contracts are suitable for conditions
- Maintain and expand tree cover with species appropriate for a changing climate
- Assure cooling centers are available for residents
- Update regulations to account for climate change”
While weather and climate can often be thought of interchangeably, differentiating between the two concepts is important to better understanding and preparing for climate change.

“Weather is the state of the atmosphere at any given time and place. Most of the weather that affects people, agriculture, and ecosystems takes place in the lower layer of the atmosphere. Familiar aspects of weather include temperature, precipitation, clouds, and wind that people experience throughout the course of a day. Severe weather conditions include hurricanes, tornadoes, blizzards, and droughts.

Climate is the long-term average of the weather in a given place. While the weather can change in minutes or hours, a change in climate is something that develops over longer periods of decades to centuries. Climate is defined not only by average temperature and precipitation but also by the type, frequency, duration, and intensity of weather events such as heat waves, cold spells, storms, floods, and droughts.

The concepts of climate and weather are often confused, so it may be helpful to think about the difference between weather and climate with an analogy: weather influences what clothes you wear on a given day, while the climate where you live influences the entire wardrobe you buy.”

Source: EPA, [https://www.epa.gov/climate-indicators/weather-climate](https://www.epa.gov/climate-indicators/weather-climate)
The following illustrates temperature data, both measured and projected, for Malvern Borough. From 1970-1980, the Borough experienced a temperature of 49.89°F on average, annually. From 2010-2020 the Borough experienced temperatures of 47.83°F on average. In an optimist scenario, projections show the Borough experiencing average temperatures of 57.9°F from 2090-2100. In a pessimist scenario, projections show average temperatures of 62.1°F from 2090-2100.

### Carbon Sequestration

Absorbing and storing atmospheric carbon dioxide is called “carbon sequestration.” According to the University of California, Davis, “Biological carbon sequestration is the storage of carbon dioxide in vegetation such as grasslands or forests, as well as in soils and oceans.”
Climate change can impact air quality and air quality can also impact climate change. Pollutants such as cars and trucks (mobile sources) and power plants and factories (non-mobile sources) impact air quality. According to the CDC, higher temperatures may increase allergens and air pollutants. Higher temperatures will also increase ground level ozone. Air quality metrics are complicated and interrelated; the infographics below seek to give a summary of the interrelationships.
